

ONE, TWO, THREE, GO—Sally Ferebee, daughter of Mr. and Mrs. John Ferebee, Braeside Ave., East Stroudsburg, prepares to dig into ear of corn as she celebrates being our September girl of the month. Picnics and outings will be on the decline as Summer wanes, but there's still time for you to get out a few times. Sally appears in her girl scout uniform.

Railroad Unions Make Demands

WASHINGTON (AP)—Eleven unions announced Monday a joint demand on the railroad industry for a 25-cent hourly pay boost and improved welfare benefits for over 600,000 nonoperating rail workers.

George E. Leighty, spokesman for the unions, said a nationwide rail strike probably will take place Nov. 2 if the carriers keep insisting that present three-year contracts don't run out Nov. 1.

New Future Opens To Chinese Pupil

ANN ARBOR, Mich. (AP)—A bewildered Chinese student, who hid four years because he was ashamed to live and afraid to die, stepped out into a bright, new world Monday.

Long self-imprisonment in the dusty attic of Ann Arbor's First Methodist church ended Sunday for Cheng Guan Lim. He said it started because he couldn't face failing grades, a family difference, and empty pockets.

The 28-year-old former University of Michigan student, amazingly healthy despite his ordeal, met Monday with newsmen and cameramen. He still weighed approximately his normal 135 pounds.

Just before he unraveled an almost unbelievable account of four years in a self-made prison, Cheng learned of the death of his father, Un Tien Lim, teacher in a Singapore Methodist mission school.

Cheng fought off tears and grasped for every word at his news conference.

Cheng had not seen his father for eight years, since the son left Singapore in 1951 to attend Albion (Mich.) College. A year later he transferred to the University of Michigan.

Finding no wrongdoing, police released him to custody of Robert Klingner, university counselor to foreign students. Immigration authorities said they would extend his expired visa if he re-entered school.

"Perhaps you do not understand," Cheng said, "but I am a failure.

Some people cannot bear to hurt others—those who love you, those who have helped you.

"My father's salary as a teacher was only \$200 a year. Still he sent four children to college. I, the youngest, was the only one to fail him. I failed everybody. I was so confused, so worried and so ashamed I ran away from things. What else could I do? Suicide? I couldn't do that."

Cheng was found huddled under a catwalk wearing only a pair of shorts.

New State Laws In Effect Today

HARRISBURG (AP)—A mass of new laws hitting nearly every state operation from administration to zoning goes into effect today.

A bundle of 146 bills signed by Gov. Lawrence since the Legislature convened last January carry the automatic Sept. 1 effective date. That's because of a 1937 law making all new acts effective Sept. 1 unless specifically written otherwise.

The total represents more than half of the 272 laws signed by the governor so far in the 1959 Legislature.

Topping the list is a measure outlawing so-called skidrow concentrations of taverns and bars. The law gives the State Liquor Control Board the right to refuse a license in a new location, if, in the board's opinion, the action would be detrimental.

A number of the laws affect schools—and only a week before schools open generally across the state.

Among the school acts is one allowing 15 and 16-year-old youngsters to attend private or trade schools meeting the approval of state education officials.

The law is aimed at permitting teenagers to leave regular classes in order to learn a vocation.

Other school laws would require vaccination of youngsters before attending kindergarten and allow physicians from other states to examine persons applying for Pennsylvania teaching positions.

Scores of laws update the administration of local government. For example: One batch of legislation raises from \$500 to \$1,000 the amount of money a community can spend on a project without letting it out for bids.

Other laws allow third class cities and boroughs to appropriate funds for the handling and administration of surplus foods provided by the federal government.

Misleading advertising is prohibited under two other new laws. Though only about 8 per cent of all legislation introduced in the 1959 general Assembly has become law, Gov. Lawrence has vetoed only one bill.

The petitions, said Gov.

protesting the proposed move.

Gov. Lawrence reminded the association that State Police Commissioner Frank G. McCartney "has publicly announced that he will re-evaluate the . . . situation. Accordingly, the proposed closing of the substation has been delayed."

The letter was sent to John F. O'Neill, executive secretary of the Top of the Poconos Assn., one of the organizations which is

protesting the proposed move.

Saylorsburg Woman Killed In Auto Accident On Route 115

400 Red Troops Invade Bhutan State

NEW DELHI, India (AP)—A force of nearly 400 armed Red Chinese was reported Monday night to have invaded the Himalayan state of Bhutan, a protectorate of India, and occupied several square miles of territory.

The report from usually well informed sources in Darjeeling, in the foothills just southwest of Bhutan, said the Chinese entered from Tibet through the Ha Valley within the last two days. An earlier report said Bhutan's forces had repulsed a Red Chinese detachment.

A Red Chinese patrol was reported also to have crossed into the adjoining protectorate state of Sikkim and to have been arrested by police.

Large concentrations of heavily armed Chinese were said to be maneuvering along the Bhutan and Sikkim borders, giving rise to alarming rumors.

The reports, which were not confirmed by officials here, came only a few hours after Nehru had made clear that he had no intention of going to war with Red China over some bits of jungle real estate in northern India.

Asked by angry members of Parliament what the government proposed to do about Communist incursions into two Indian border areas, Nehru told the legislators: "Send more reminders. We hope this will be settled by discussions and conferences, and we do not propose to go to war."

Contrast

This was in contrast to his statement Friday that India had "no alternative but to defend our borders" and that "any aggression against Bhutan and Sikkim will be considered an aggression against India."

Nehru rejected a suggestion that the Indian air force bomb a road which the Communists have built across the northeast corner of Ladakh, high in the Himalayas in the north western state of Kashmir.

"A mile or two of wild and uninhabited territory does not matter very much," he said. "But it does matter if a treaty is broken or ignored."

Nehru thus drew a distinction between Ladakh and the Chinese aggression into the Northeast Frontier Agency, 1,000 miles to the southeast, where the Communists seized the border post of Longju. One Indian border guard was killed, two more are prisoners and six are still missing in a Chinese border raid on Aug. 25 near Longju.

Senate Passes Legislation On Vehicles

HARRISBURG (AP)—The State Senate Monday night completed action on an administration plan to set up a special license classification for all station wagons and charge an extra \$2 for annual registration.

The vote was 48-2. The proposal previously was passed by the House. The measure went to Gov. Lawrence.

Under the proposal 400,000 station wagon owners in Pennsylvania who now pay the \$10-a-year passenger vehicle fee would have to pay \$12 for license tags starting with the 1960 registration period.

But the new suburban vehicle registration would mean a saving for 40,000 station wagon owners who use their vehicles commercially. They now pay truck fees ranging from \$16.50 to \$26 a year.

No one was injured.

Had the accident occurred a few minutes earlier or later, the members of the orchestra, whose platform was on the scaffold, would have been endangered, as would have the skaters, the stagehands and workers behind the scenes.

The 40-foot wide structure, which looks like a big version of a playground jungle gym, sagged forward at a 70-degree angle toward the slitting area as 3,500 patrons at the Allentown High School stadium watched.

Kenneth Stevens, company manager of the touring show, estimated the damage to equipment and props at \$60,000 and said an additional \$15,000 would be lost in refunds. He said he expected the damage could be repaired in time for the troupe to play its next scheduled booking in Norfolk, Va.

In related developments Monday:

1. Generalissimo Franco of Spain invited Eisenhower to visit Spain whenever convenient. The Spanish leader also told the President, in a letter containing the invitation, that he fully sup-

WOMAN KILLED—Mrs. Marie Jones of Saylorsburg died in the wreckage of the car at right after it crashed into a truck on Route 115 one mile north of Ross Common yesterday.

Vehicle was demolished and Mrs. Jones' husband, Gerald, was critically injured.

Rebellion Reported In Red China

TOKYO (AP)—Widespread rebellion against Mao Tse-tung's peasant communes and economic goals is raging in Red China and some of it may be in the highest levels of the Communist party.

Red Flag, biweekly magazine of the Chinese Communist party Central Committee, admitted the revolt Monday and announced a nationwide campaign to squelch the critics whom it called "rightist opportunists."

This indicated that if there was revolt in the party's high command, Mao had won out. The magazine said party workers were among the critics, and hinted that the opposition may be in the Central Committee itself, although it did not say so.

Red Flag said "Marxists-Leninists always repudiate the notion that revolution is something which a handful of people in private work out a formula and then order the masses to act in accordance."

The "handful of people" could refer to members of the Central Committee, the policy-making body.

Red Flag said "in the process of our leap forward and switch to people's communes, enemy elements hostile to our country's Socialist cause, both inside and outside our land, raised wave after wave of howls and clamors."

"When the control figures—goals—of the second five-year plan were published, the imperialists and enemy elements within the country insisted these figures were 'unrealistic.' They have been trying in vain to shake our confidence with such talk."

Calling the opposition's maneuvers "criminal activity," Red Flag said "the party and people throughout the country will undoubtedly struggle resolutely to overcome such right opportunist ideas."

Minister said.

Eisenhower and Macmillan quickly came to the question of another summit conference.

Macmillan consistently insists one should be held. He reiterated that belief and told the President:

"I think your visits to these three European capitals and the interchange of visits that you are going to make with Mr. Khrushchev are very sound contributions to peace."

Eisenhower replied:

"Peace is an imperative and we must all understand that. And indeed if we are to have a summit, I am sure of this—Mr. Khrushchev must understand that exactly as you and I do. If he does that just as you and I do, then I think a summit meeting could be profitable."

In effect, the President and Prime Minister ended their conversations Monday, although they will see each other again before Eisenhower leaves for Paris Wednesday.

Developments

1. Generalissimo Franco of Spain invited Eisenhower to visit Spain whenever convenient. The Spanish leader also told the President, in a letter containing the invitation, that he fully sup-

ports Eisenhower's personal diplomacy effort to find solutions to cold war problems.

2. Eisenhower and Macmillan have agreed on a crash program to find a new approach to the problem of disarmament, qualified sources said. Diplomats who attended some of the meetings between the two leaders said each is issuing secret orders to nuclear experts to draft new proposals and to have them ready to present to the Soviets early in 1960.

3. On the question of another summit conference, these informants said, the decision now is to await the outcome of the visits between Eisenhower and Soviet Premier Nikita Khrushchev. The Soviet chief is scheduled to go to Washington Sept. 15 and Eisenhower will return the visit at an unspecified date in the autumn.

4. White House press secretary James C. Hagerty said Macmillan, who visited Khrushchev last winter, has given Eisenhower some extremely helpful information on what to expect in talking with Khrushchev.

5. The same sources said no fresh plans for solving the dangerous problems of Berlin developed in the conversations.

Eisenhower, Macmillan In Favor Of Negotiations For Peace, Summit Conferences

LONDON (AP)—President Eisenhower and Prime Minister Harold Macmillan, in a televised two-man fireside chat, spoke out Monday night for peaceful negotiations and indicated they are ready for a summit meeting under favorable conditions.

"Peace," said the President, "is the imperative of our time."

"We are up against the biggest job in the world, how to keep peace and justice," the Prime Minister said.

Eisenhower and Macmillan quickly came to the question of another summit conference.

Macmillan consistently insists one should be held. He reiterated that belief and told the President:

"I think your visits to these three European capitals and the interchange of visits that you are going to make with Mr. Khrushchev are very sound contributions to peace."

Eisenhower replied:

"Peace is an imperative and we must all understand that. And indeed if we are to have a summit, I am sure of this—Mr. Khrushchev must understand that exactly as you and I do. If he does that just as you and I do, then I think a summit meeting could be profitable."

In effect, the President and Prime Minister ended their conversations Monday, although they will see each other again before Eisenhower leaves for Paris Wednesday.

Developments

1. Generalissimo Franco of Spain invited Eisenhower to visit Spain whenever convenient. The Spanish leader also told the President, in a letter containing the invitation, that he fully sup-

ports Eisenhower's personal diplomacy effort to find solutions to cold war problems.

2. Eisenhower and Macmillan have agreed on a crash program to find a new approach to the problem of disarmament, qualified sources said. Diplomats who attended some of the meetings between the two leaders said each is issuing secret orders to nuclear experts to draft new proposals and to have them ready to present to the Soviets early in 1960.

3. On the question of another summit conference, these informants said, the decision now is to await the outcome of the visits between Eisenhower and Soviet Premier Nikita Khrushchev. The Soviet chief is scheduled to go to Washington Sept. 15 and Eisenhower will return the visit at an unspecified date in the autumn.

Conferees Seek To Snap Deadlock

WASHINGTON (AP)—Senate House conferees hunted desperately Monday for a way to solve their deadlock over three key points in the labor control bill.

It was an 11th-hour effort to keep the angry issue from spilling back onto the Senate floor where one conferee said the entire bill aimed at curbing labor union corruption might be endangered.

The last-ditch bid for a compromise was made by Rep. Robert P. Griffin (R-Mich.) on behalf of conference committee members supporting the original House version—a somewhat more stringent bill than the Senate passed.

Senate and House Democrats supporting the Senate bill considered Griffin's proposals without reaching a firm decision at a morning session.

Sen. John F. Kennedy (D-Mass.), a chief sponsor of the Senate bill, said his side could not accept the Griffin proposals as written.

The conferees planned an afternoon session to consider the matter further. But later both sides agreed to put off the meeting until Tuesday morning.

There were conflicting indications on how the last-gasp haggling was going.

Senate Republican Leader Everett M. Dirksen of Illinois, a backer of the House bill, reported at one point that "quite a little progress was made."

Sen. Barry Goldwater (R-Ariz.), another conferee favoring the House measure, told the Senate he felt the differences between the two sides had been narrowed to the thickness of a razor blade.

But Sen. Wayne Morse (D-Ore.), a supporter of the Senate bill, gave a different impression in leaving one of the conferences.

When newsmen asked whether the conference committee was finished, Morse replied: "As far as I am concerned, I'm through." Then he strode off without elaborating.

Griffin's proposals—he called them adjustments rather than concessions—dealt with no man's land labor cases, secondary boycotts and organizational picketing. A major sticking point here is how to handle consumer picketing, a form of secondary boycott conducted by some unions.

The House bill, cosponsored by Griffin and Rep. Phil M. Landrum (D-Ga.), carries tougher language on these points than the Senate version.

While the conferees struggled to find a mutually acceptable formula, the Senate held fire on consideration of two rival resolutions in which its conferees were seeking new instructions.

These resolutions were drafted Friday when the conferees reached an apparent impasse on the three points.

Senate Republican Leader Everett M. Dirksen of Illinois filed one of the resolutions, asking the Senate to instruct its conferees to accept the wording of the House bill on the three remaining disputed points.

Scranton Strike Ends

SCRANTON (AP)—A 10-week strike at Capitol Records which was punctuated by picket line violence, ended Monday when the International Assn. of Machinists accepted a three-year contract.

Recent Deaths

Robert J. Schaeffer, 87, of Canton, died Sunday night at St. Luke's Hospital, Fountain Hill. Page 10.

Charles Jones, 54, of 616 Broadway, Bangor, died Sunday night at his home. Page 10.

Second Child Expected In Three Weeks

SAYLORSBURG—A 23-year-old expectant mother was killed and her husband and son injured when the car in which they were riding crashed into a tractor-trailer on Route 115 near here at noon yesterday.

Mrs. Marie Jones of Saylorsburg was pronounced dead on arrival at Easton Hospital.

Her husband, Gerald, 21, was treated there for multiple cuts and discharged. The couple's son, Mark Wayne Jones, one-year-old, was admitted for treatment of a possible concussion.

State Police of the Stroudsburg barracks said it was impossible to determine immediately whether Mrs. Jones or her husband was driving.

Identification

Troopers identified the driver of the tractor-trailer as Benjamin Stivala, 29, of 195 Wells St., Scranton, driving a vehicle owned by Shulman and Sons Express, Inc., Perth Amboy, N. J.

Stivala told troopers he applied his brakes as the Jones car approached his northbound vehicle on a curve and the rear end whipped into the lane occupied by the Jones car.

Stivala was not injured and there was no damage to his vehicle. The Jones car was demolished.

The investigation is being continued. A post-mortem will be held today to determine the cause of death of Mrs. Jones.

Stivala posted \$1,500 bond at a hearing before Mrs. Ruth E. Miller, Stroud Township justice of the peace, on charges of involuntary manslaughter.

George T. Kamitz, Northampton County coroner, is assisting in the investigation.

Mrs. Jones was expected to become a mother for a second time in about three weeks, state troopers reported.

75,000 Shots Of Salk Serum Stolen

MONTREAL (AP)—In the midst of a polio epidemic, three masked gunmen stole 75,000 shots of Salk vaccine Monday from a university research center.

The loss of 10,000 vials—enough for 75,000 doses—was described as a blow to Quebec's province's antipolio campaign. The haul was valued at \$50,000 but may not bring much as disposable loot.

The robbers fled in a stolen car after locking a watchman in an empty monkey cage.

New Cases

Seventeen new polio cases were admitted to Montreal Hospital during the weekend, bringing the number of polio cases so far this year to 554 in Quebec province. One new death was reported, raising the polio death toll to 30.

"The theft is quite a blow to the province's antipolio program," said Lionel Forte, assistant director of the Institute of Microbiology and Hygiene, a department of the University of Montreal. The vaccine was stolen from the university's research center in suburban Laval des Rapides.

It was to be distributed to polio-stricken areas of the province, including Montreal.

"If the crooks don't keep the vaccine in refrigerators at the proper temperature—40 degrees Fahrenheit—it'll be no good in two days," said Forte.

Forte said he does not know how the bandits plan to dispose of the vaccine. There were rumors of a black market operation in Salk vaccine.

Next Salk shipments are due at the end of September, Forte said.

'The Daily Investor'

'Seat' Means Membership

By William A. Doyle
International Investment Analyst

O. We had some company over the other night and got to talking about stocks. I wish you could have heard the different opinions on what it means when a man buys a seat on the New York Stock Exchange. The truth of the matter is that none of us really knew the answer. Just what privileges does a man obtain from paying all that money for a seat on the exchange?

A. He gets one big privilege and a whole lot of what could be called "fringe benefits." Remember now, that a "seat" is a membership on the floor of the exchange. No one except exchange members may buy or sell stocks on the floor of the exchange.

And "seat" is a pretty word for membership. If a member spends his day on the floor of the exchange, he seldom, if ever, sits down. In the first place, there's no chair provided for him. In the second place, he's too darned busy.

You or I can't walk into the exchange and bargain for stocks we want to buy or sell. So, we normally place our orders through a "member firm"—a brokerage house in which at least one partner or officer is a member of the exchange. To become a member, a man has to buy a membership from someone who wants to sell out. The person seeking membership must meet certain requirements and the transfer of a membership must be approved by the exchange's board of governors.

Once a man has a membership, he and his firm can be in the brokerage business in a big way—as a commission broker or an odd-lot broker. Or a member may never deal with the general public. He may be a specialist who is responsible (as the exchange puts it) "for maintaining a fair and orderly market, insofar as reasonably possible" in certain

stocks. He may be a floor broker who assists commission house brokers and gets part of their commissions for his efforts.

Add all these things plus some others (especially the fact that members may buy and sell stocks on the floor of the exchange for their own accounts without paying commissions) and you can see that a membership is very valuable.

How valuable? The more recent transfers of memberships have carried price tags of around \$150,000.

Think that's high? In October, 1929, \$495,000 changed hands with the sale of a seat. Earlier that year (when there were only 1,100 memberships) a seat brought \$825,000. And in 1942, (a year when three transfers were made at \$17,000—despite the fact that each seat carries with it a \$20,000 death benefit).

Mr. Doyle will answer only representative letters of general interest in his column. He cannot answer phone queries.

FFA Chapter Wins Ribbons At Show

NEWFOUNDLAND — A whole flock of blue, red and white ribbons were brought home by the Green-Dreher Chapter, Future Farmers of America, during the Northeastern Pennsylvania Show in Tunkhannock.

In the Holstein Junior Yearling Class, Floyd Thomas and Bruce McLain took white ribbons, and Gerald McLain, a red ribbon. The latter's Holstein in the two-three year old class also took a red ribbon. Roy McLain took a blue and Gerald McLain a red in the Ayrshire Calf Class, and Roy's Senior Yearling Ayrshire took a red ribbon.

Reserve Grand Champion Gerald McLain, whose three-year old Ayrshire took a blue, was named Reserve Grand Champion.

In the NEPA Show, Gerald McLain's Ayrshire in the three-four year class took second place. The boys' next showing will be Community Fair this week.

Paris Puts On Dress

PARIS (AP)—Paris has been dressing up Sunday for President Eisenhower's visit this week.

Red carpeting was being laid at Le Bourget Airport, where Eisenhower will arrive Wednesday morning. Tall white flagpoles were erected to carry the Stars and Stripes and French Tricolor.

Flags and bunting appeared on building fronts in scattered parts of Paris along the route Eisenhower and President Charles de Gaulle will take from the airport.

Nature Features Nuclear Blast

MOSCOW (AP)—Soviet scientists just returned from a six-week expedition have made a tentative claim to the discovery of a nuclear explosion by mother nature in the Siberian wilderness more than 50 years ago.

Tass said the expedition brought back abnormally high radioactivity readings from a region where a so-called tungus meteorite exploded in June, 1908.

Scholarships For Native Of Sterling

NEWFOUNDLAND — The late Mason C. Gilpin, a native of Sterling, Wayne County, has been honored by the creation of two scholarships at Pennsylvania State University.

University authorities have announced that each scholarship, created by the Pennsylvania Master Farmers Assn., will provide \$100 a year.

Gilpin, who for several years was editor of the Pennsylvania Farmer, was graduated from Penn State in 1915. He was a World War I veteran, and worked on newspapers in Florida and Washington, D. C., prior to joining the staff of the National Stockman and Farmer. The latter publication was merged with the Pennsylvania Farmer, and Mr. Gilpin was named editor in 1951.

Hospital Board Approves Building New Recovery Room

Cost Of Equipment Set At \$1,200

THE Board of Directors of Monroe County General Hospital last night approved a medical staff request to outfit a post-delivery recovery room in the hospital.

Harry J. Smith, superintendent, estimated it will cost about \$1,200 to supply three recovery beds, emergency equipment and drugs for the room.

To obtain space the hospital will have to give up one two-bed semi-private room in the maternity ward, Smith said the usual population of the ward is small enough to warrant the conversion of the room.

Means of financing the new room have not been determined yet.

A total 4,915 persons outside the county donated a net \$5,870 to the hospital during the year ending July 31, 1959, according to a report. Appeals were mailed to 12,000 persons and groups. Since the program's inception 25 years ago the hospital has received \$123,487, after costs. The monies are used to defray charitable expenses. Smith announced another \$575 in recent donations.

Soil Bank Practices Announced

FARMERS who put land in the 1960 Soil Bank Conservation Reserve will be able to carry out three practices, the County Agricultural Stabilization and Conservation Committee has announced.

Monroe County farmers can establish perennial grass or grass legume cover for soil protection by liming, seeding and fertilizing croplands according to government regulations.

They may also plant and raise forest trees or shrubs for 10 years. The government will pay \$250 per 100 trees or \$24 per acre for trees purchased from a private nursery or the Department of Forests and Waters.

Farmers will receive \$160 per 100 or \$16 per acre for trees provided by the State Game Commission.

Wildlife. Farmers can also establish and manage cover specifically beneficial to wildlife.

Thirteen county farmers have filed their requests for a basic Conservation Reserve rate. Others have until Sept. 10.

Applications should include information on the kind of crop and the yield per acre for the five-year period, 1955 through 1959, for each field. To be eligible, land must have had a crop harvested from it or must have been in regular rotation during 1959.

The average per-acre payment for cropland offered by the 13 farmers is \$15.50, ASC Committee Chairman David H. Griffith said.

Bangor Wins Extension For Schools

BANGOR—The State Department of Public Instruction informed the Bangor Board of Education last night that time extensions on the repair of fire hazards has been granted for two additional schools.

The report read by Merle Mahus, secretary, said the state has granted the reprieve on the McKinley and Roosevelt Elementary buildings until Sept. 1, 1960.

Previously Bangor received a similar extension on the Lincoln Elementary building.

No delegates were named yet to attend the annual meeting of the State School Directors Assn., which will be held in Pittsburgh Oct. 15-17.

Contracts for the transportation of pupils to the Columbus School, Roseto, were awarded by the board to the Waer Bus Co., Bangor. No cost figure was reported.

New forms for personal tax exonerations were presented and accepted by the board. These forms will be mailed to all persons exonerated last year. Any other persons wishing to request exonerations must secure the proper form at the office of the Bangor tax collector in the Municipal Building.

Three Perish In Accident

TAMAQUA, Pa. (AP)—A station wagon swerved out of control and crashed into a house at the foot of a steep hill here Saturday night, killing all three persons in the vehicle.

The victims were J. Robert Cathcart, 42, of Kennett Square, R. D. 2, Pa.; his wife, Anna, 40, and her father, Anthony Zeblicks, about 65, of Tamaqua.

DRIVER INJURED—Mrs. Ann G. Munch, 46, Box 92, Tannersville, was treated at Monroe County General Hospital for minor injuries yesterday after her car struck an electric pole on Route 611 near Bartonsville. Highway was wet at the time. (Staff Photo by MacLeod)

Tannersville Woman Suffers Injuries As Automobile Crashes Into Utility Pole

BARTONVILLE—Mrs. Ann G. Munch, 46, Box 92, Tannersville, suffered a cut arm and bruises when the car she was driving struck a Pennsylvania Power and Light Co. pole on Route 611 near here at 4:50 p. m. yesterday.

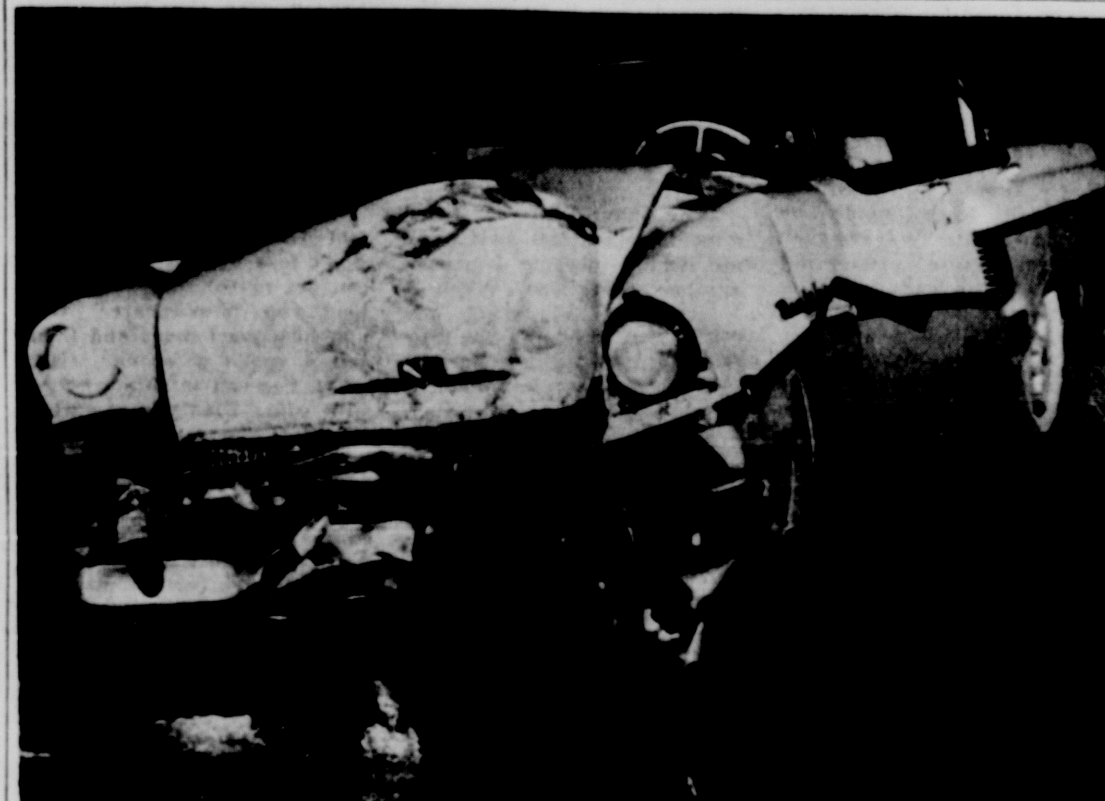

She was treated at the dispensary of Monroe County General Hospital, East Stroudsburg, and discharged.

Mrs. Munch was taken to the hospital by hospital ambulance. State Police at Stroudsburg said her car

skidded on the rain-slicked highway and struck a pole on the north side of the highway. Her car was southbound at the time.

Insulators on the pole burned through after the crash and removal of the car was delayed until power company employees cut the wires.

A spokesman for the utility said service was out from Bartonsville to and including Tannersville for an hour and 23 minutes and to a smaller number of subscribers for two hours and 27 minutes while repairs were made.

DRIVER ESCAPES—John A. Holmes, 41, Coal Dale, escaped with a bruise over the left eye about 7:45 p. m. yesterday when his car skidded on rain-slicked Route 611 on the Delaware Water Gap side of Foxtown Hill and crashed into a tree. Holmes told investigating officers he pulled too far off onto the north side of the highway to avoid a southbound car in the middle lane and skidded as he attempted to regain the highway. (Staff Photo by MacLeod)

Winners Named In Photo Contest

TOBYHANNA — Winners in the first photo contest held here at the Army Signal Corps Depot were announced yesterday.

William Taylor, Pocono Pines, an expeditor in the Supply Management Division, won top honors with a snapshot of his three small children just back from a fishing trip.

Second and third places were won by Jack Harrity, Wilkes-Barre, an electronic repairman in the Maintenance Division.

His photo of a young boy with a bird perched on his head was adjudged second best, and his close-up of a horse's head came in third.

The contest was open to all military and civilian personnel at the depot. Judges were Col. Clifford A. Poutre, depot commander; Clyde Burke, information officer; Irv Goldberg, editor; John Mielicki, photographer; and Bob Price, Civilian Welfare Council president. The prize-winning photos have been enlarged and placed on exhibition in the lobby of the depot's Administration building.

Democratic Club To Meet

TOBYHANNA — The Pocono Mountains Democratic Club will meet at Kuebler's Mountain Hotel here at 8 p. m. today.

Tickets for the fund-raising project are returnable at this meeting and refreshments will be served.

Never put off the buying of a Memorial until tomorrow because tomorrow never comes. See us and make your selection now.

\$252, Papers Returned To Wallet Owner

CY YELLIN, of Kresgeville, was in a hurry to get to the bank yesterday.

He parked his car on Main St., between Seventh and Eighth Sts., took some papers and a bank book with him and headed toward the bank.

Once inside, he soon discovered that \$252 in cash and some valuable papers were missing. Yellin retraced his steps, searched the car and made several inquiries, but failed to locate the lost articles.

There remained the possibility that he might have left them in his office, so he went back to Kresgeville to look for them.

Good News His secretary greeted him with the good news that the valuables had been found by Harry Deiter, of Phillips St., who is employed at the service station at Main and Seventh Sts.

The young man had found them lying on the sidewalk and traced their ownership through names found on the papers. Yellin, who divides his time between Newark, N. J., and his housing development in Kresgeville, rushed back to Stroudsburg and found Deiter waiting for him at the service station.

After reclaiming the articles, Yellin offered the finder a reward, but the latter refused at first. The grateful owner insisted, however, and Deiter accepted.

Yellin then went across the street to the bank, deposited the money and transacted some other business. He said the papers were more valuable to him than the money, so he was very happy to have them returned intact.

What pleased him most, though, was the fact the missing valuables had fallen into the hands of an honest person who lost no time in returning them to their rightful owner.

P.S. What he didn't know was that only a week before, another employee of the same service station had found a purse containing \$150 and restored it to its rightful owner.

PRaises WORKER—Harry Deiter (left), employed at a Stroudsburg service station, is shown being congratulated by George Litts Jr., operator of the station, for his honesty. Deiter found \$252 and valuable papers near Seventh and Main Sts. and returned them to owner, Cy Yellin, of Kresgeville. (Staff Photo by MacLeod)

James Rumsey Continues In Critical Condition

JAMES RUMSEY, 23, Fourth and Main Sts., Stroudsburg, was reported still in critical condition last night in Monroe County General Hospital.

Rumsey suffered serious skull and brain injuries in an early morning accident Saturday near Columbia, N.J., in which Stephen H. Flieger, 20, of 28 N. Sixth St., Stroudsburg, was killed.

Miss Sheila Singer, 23, of 324 Main St., Stroudsburg, also injured in the crash, was reported in good condition at the hospital yesterday. She suffered multiple cuts and bruises and a possible spine injury.

New Jersey State Police at Blairstown were continuing their investigation. They said they will charge the driver of the car, Philip Newman, 21, of 604 Thomas St., Stroudsburg, with causing death by automobile.

Newman and another passenger, Miss Flora Muller, 21, of 131 Linden St., Stroudsburg, were treated at the hospital for minor injuries and released.

Youngsters Planning For Area Benefit Carnivals

WITH SCHOOL only a week away, area youngsters are putting the last days of their vacation to good use.

Two different groups announced plans yesterday for children's carnivals this week.

In Delaware Water Gap, six children will stage their affair Thursday on the Nase lawn for the benefit of the churches they attend. It will be held from 7 to 9 p. m. and include games, rides and refreshments.

Taking Part Taking part will be Billy and Michael Nase, Linda and Peter LaBar, Carol Wilson and Kay Cutler.

Five Stroudsburg youngsters are planning their carnival for today, tomorrow and Thursday from noon until 7 p. m. in the backyard at 157 Broad St.

They said they are turning all proceeds over to the General Hospital. The youngsters are Woodbridge Kellogg, Ronnie Carlton, Elliot and Mark Brown, and Jerry Dunkelberger.

saw the reflection of the flames through the basement window when she came home. Mrs. Easton reported the happenings.

The fire was put out by the time Stroudsburg Fire Co. answered the 10:40 p. m. alarm.

Senate Fails To Act On Authority

HARRISBURG (AP)—The Senate took no action Monday night on a proposal which would require a referendum before any political subdivision could enter into a contract with an authority.

Sen. Edward J. Kessler (R-Lancaster), sponsor of the measure, said final Senate action was not taken because there have been some objections to the bill. He said several amendments were under consideration.

"I think it is something we ought to do," the veteran lawmaker declared.

The proposal still is in position for final Senate passage but adoption of any amendment would delay final consideration at least one day. If approved by the Senate, the bill would be sent to the House for its consideration.

Stove Fire At Camp

REEDERS—Fire originating in an oil stove scorched the floor, ceiling and walls of a living room at Camp Cherith here at 9 p. m. yesterday.

The fire, in the main building, was brought under control by 25 members of the Jackson Township Fire Department under direction of Chief Russell Butz.

Damage was reported slight.

Ike Visits War Shrine

LONDON (AP)—President Eisenhower Monday visited for the first time a war memorial to the men it was his grim duty to send into battle.

Bearing the names of 28,000 American servicemen who fell while based in Britain during World War II, the memorial stands in the heart of old St. Paul's Cathedral.

Fine Demonstration

Regardless of how the Twin City Poconos fare in the International Softball Tournament, we think a lot of good has come out of the campaign for funds to send the team to Long Beach, Calif., for this week's games.

The drive demonstrated several significant points which should make all of us proud of the community in which we live.

For one thing, it showed once again the civic-mindedness of a great segment of our population. Hundreds of people and organizations gave freely of their funds so that the local team which had won the state championship could compete in the international event.

They are to be congratulated for not letting an opportunity slip by to publicize the name Poconos across the breadth of the land via the sports pages. It is the type of publicity which cannot be bought for the amount of money it cost to airlift the team to Long Beach.

Moreover, the campaign demonstrated the unity of spirit that makes big things possible within the Poconos community. This was pointed up by the fact that, although softball is not a sport which attracts large crowds locally, our people were anxious to back up their representatives with cold cash and oversubscribe the goal of \$2,500 in a comparatively short time.

Such a fine spirit was bound to brush off on the players before they left and we feel confident they are giving a good account of themselves in California. Although beaten in their first game, the Poconos can still go all the way in the tournament. Let's all hope they start on a winning streak tonight that will carry them to the championship.

But, failing in that, we can still feel proud of the team for exhibiting the talent, the teamwork and the savvy that won them the invitation to compete in the international contests.

Opinions Of Other Editors

Too Much Haste

The Atomic Energy Commission under Lewis Strauss took a fearful beating for its policy of making haste slowly in pushing the development of atomic power.

The AEC argued that the United States does not need this new source of power as urgently as other countries do, and that there was no economic justification for rushing into huge programs before pilot programs had shown what techniques would prove most useful. Critics condemned such arguments as false, if not downright subversive.

Well, new evidence is coming in that the AEC policies may have been wiser than the critics thought.

The London "Observer" is now suggesting that Britain, which plunged full-steam ahead in a frantic effort to seize the world lead in this field, is now

in danger of being left on a siding by more advanced types of reactors.

Lord Plowden, head of the British Atomic Energy Authority, reveals a slowing down of the power program, and the English Electric Company laments that the costs of atomic power are proving higher than expected, while new supplies of oil and gas are being rapidly discovered making the future of atomic power more uncertain than ever.

Russia, Deputy Premier Koslov admitted to Admiral Rickover, is having much the same experience.

The American policy of encouraging a wide range of experiments, through pilot programs undertaken by private enterprise, may yet prove to have more merit than the critics thought.

The Pennsylvania Story

Consumers Need Protection

(Columnist Mason DeLeon is on vacation. Top-making items of state news are being written by guest columnists during his absence. Guest columnist today is Pennsylvania's Attorney General Anne X. Alper.)

By Anne X. Alper
State Attorney General
Harrisburg — We have a problem in Pennsylvania peculiar—in effect—to the so-called "little fellow."

It is this: Pennsylvania needs a Bureau of Consumers Protection in the Department of Justice. I believe that such a Bureau would be of tremendous help to consumers throughout Pennsylvania.

It is true we have a Public Utility Commission empowered by law to protect the rates and service to consumers while making certain that every utility receives a just return on its investment. The operation of a Bureau of Consumers Protection would not impair the functioning of the Public Utility Commission whatsoever.

To the contrary, it would enable cities throughout the state to cooperate more effectively in their analysis of rates and in their fight to reduce rates. Importantly too, it would also give to small consumers a means of investigating their problems and correcting any injustices.

There are many small consumers who feel their rates are unjust and who are given no explanation of charges except referral to intricate rate schedules. All of their objections may not be proper ones but they have a right to have their particular problem considered.

A Bureau of Consumers Protection would give them such an opportunity.

The same thing holds true as to service. Certain utilities give excellent service. Other utilities discontinue service without due regard for the rights of persons in the area.

While the Public Utility Commission has the power to consider such matters the vast amount of business before it does not enable it to give to each problem the consideration that could be given by a Bureau of Consumers Protection.

This is particularly true in the field of transportation where there have been many breakdowns in service due to obsolescence and other factors.

The Bureau of Consumers Protection would not only represent the consumers in utility matters but in many business areas where consumers are victimized by fraudulent representation in connection with the sale of basic commodities such as equipment.

Such a division would coordinate the work of the local Better Business Bureaus and make more effective the supervision of false advertising and unkept promises.

The establishment of a Bureau of Consumers Protection is not a novel idea on the part of the Governor or the Attorney General of the Commonwealth of Pennsylvania. Such divisions are operating effectively in Massachusetts, California, Rhode Island, Maryland and other states.

There has been an attempt to minimize the value of such a bureau. Statements have appeared in public press that such a Bureau which would result in "sniping" at the utilities.

If that were the fact there would be no strong objection. It is because it is recognized that such a group would be effective that there is objection. Where cities have had qualified consumer representation there have been significant victories in reduction of rates and increase of service.

Millions of dollars have been saved as a result of well handled consumer fights in major cities in the Commonwealth. The Bureau of Consumer Protection would help the small communities as well as the large one protect their rates and service.

It is not the desire of the Department of Justice to prevent any utility from procuring a fair return on its investment, but it is the desire of the Department of Justice to give consumers the same protection that has been accorded utilities and to give them intelligent assistance where needed.

This could only be done by a properly staffed bureau, consisting of accountants, engineers and other experts. A Bureau of Consumer Protection would be meaningless if an appropriation sufficient to enable it to operate effectively were not made.

We do not want shadow-boxing in behalf of our people—we want effective presentation and protection.

Travel, Though Broadening, Presents Its Difficulties

George Sokolsky Says...

Prayer Is Not Sinful

It has now been decided in the Hericks (Long Island) School Prayer Case that a prayer to God, in the classroom, is neither illegal nor sinful.

It is said that the parents of some children are so adamant on the subject that they will take the case to the Supreme Court of the United States, hoping that the Supreme Court, in all its majesty, will declare prayer illegal if said in a school.

The issue is very simple. The New York State Regents, who are in charge of education, devised in 1951 a prayer which is utterly non-sectarian among religious people but is sectarian so far as atheists and agnostics are concerned. The prayer reads:

"Almighty God, we acknowledge our independence upon Thee, and we beg Thy blessings upon us, our parents, our teachers and our Country."

Some parents regard this simple prayer to be a violation of the United States Constitution which nowhere forbids prayer or the use of prayer in public schools. Why asking such a simple blessing is unsatisfactory, it is difficult to understand but there are such people in the world.

The case came before the State Supreme Court, presided over by Judge Bernard S. Meyer, who decided that children may say this prayer, provided that their parents are informed that the child is praying.

Parents who forbid their children to pray to God may request that the child step aside and not engage in such activities that such parents may regard as nefarious.

The judge further requires that school authorities and school teachers may not comment on the conduct of children who are forbidden to pray by their parents.

Judge Meyer's reasoning is sound throughout. There is no constitutional provision against prayer and there is no evidence that it was intended to be.

It is better for the child to be mixed up, to suffer confusion, or for him to say the simple prayer of grace and respect?

According to Judge Meyer's decision, that is up to the parents and that is where it should rest.

Mortimer's New York Confidential

By Lee Mortimer

Only one week till Winchell Deal for George Raft to front the new La Concha in Atlantic City fell through. They don't need him anyway. The "Kidnap Heiress" honeymooned at the Forum. Earl Grant steals the show at Julie Podell's Copacabana. He's great a la Not "King" Cole so let's call him Earl "Prince" Grant. A new look in bathing beauties: This year's Miss Oklahoma—the A.C. beauty contest—Mary Ann Hazleton—is the daughter of a top exec of Oral Roberts Evangelical Association and a member of the strictly puritanical Pentecostal Church. Sammy Kaye plans to cash in on the new Oriental craze with a TV detective named Charlie Channel. Brett Halsey, who just completed Jerry Wald's "The Best of Everything" must wait for the best of everything with Italian newcomer Luciana Paluzzi until his divorce from Renata Hoy is finalized in January. Indians do so well in the "Yellowstone Kelly" film, you've got to get your tickets through scalpers. (Pullease, Mr. Mortimer!) Director Alan Deiser is queer for redheads. Switched from Glynis Johns to Rhonda Fleming. TV's Bill Shipley knows what makes French dolls show their thanks: France.

Now I am Tired: A sell-out house for the memoirs of Lilla Guizar at Angel Lopez's Chateau. Madrid didn't see her. She was held up by a Mexican earthquake (the man) Otto Preminger and Hope Bryce will elope any day. It's the old Army game: A reader queried the N.Y. State Liquor Authority about this column's assertion that permitted to operate queer dives, call girl deadfalls and bust-out clip joints openly and without harassment. In a reply, dated Aug. 24, Chairman Thomas E. Rohan made the bald statement: "We are now in the process of attempting to obtain some leads from the Broadway columnist." He also intimated that I would not supply any. That letter is a confession by Chairman Rohan that he doesn't know what's going on in his own backyard. On Aug. 20, four days before he wrote that they were "attempting" to get leads from me I already had given them to Deputy Liquor Commissioner Schmidt, at Schmidt's solicitation, providing the names of 15 of the most notorious spots, which even a blind liquor inspector should know are operating. I offered more (there are scores) and Commissioner Schmidt thanked me for my co-operation and said the SLA would take action immediately. Apparently the action is the old pass-the-buck routine.

Round Two: I repeat: I am a reporter, not a crusader. I like a gay open town, but I don't like a Mafia town. I have been interviewed (at their request) by several agencies charged with the enforcement of the local laws, but have not heard from the District Attorney's office. There is only one step. A runaway grand jury.

Mirror of Time

—by C. H. WESTBROOK

10 Years Ago

Barlonsville — An unidentified man was killed and two others injured when their car collided with a heavy truck in front of the residence of Forrest Mott.

A Cold? — Bobby Westbrook hobbling around the Record office with what she has diagnosed as a cold, but wondering if she might be developing hay fever or something.

Gap — The Presby. Church of the Mountain at D. W. Gap celebrated the 95th anniversary of its founding on Sunday.

20 Years Ago

Contest — Robert Warner and Walter Wildrick, with a cross cut saw, ripped their way to a second annual victory over a tough field in wood-sawing contest at West End Fair.

Fashions — Bustles were among the styles for winter wear displayed by Wyckoff's at Pocono Manor Inn. Many style minded members of the general public in the Stroudsburgs and vicinity were present.

Baseball — Kunkelton won a 6-0 game from Palmerston. Smith, the pitcher, allowed but four scattered hits.

Jim Riley Says:

Special Service On Labor Day

A special service of dedication will be held at Freehold, N.Y. on Labor Day, Sept. 7.

The service is being held in memory of the 38 people who died in the flash flood at Camp David in August of 1955.

This is the never-to-be-forgotten date when high waters rolled over many portions of the Pocono Mountains, bringing both death and destruction.

Camp David was located just off Route 90, where they are rebuilding the bridge over the Broadheads Creek and Delaware, Lackawanna and Western Railroad.

In response to a television appeal by Rev. Leon J. Davis in 1955, a small memorial fund was received to perpetuate the work done by the camp in Monroe County.

The fund has now been invested as part payment on a piece of property adjoining the

Conservative Baptist Bible Conference grounds at Freehold. Fifteen juniors attended the opening week of the Memorial cottage.

Rev. Mary C. Vining of the Capitol District will give the dedication address on Labor Day.

Army Specialist Four Alan-son G. Whiting, son of Mr. and Mrs. Howell T. Whiting, 40 Montevision Road, Mount Pocono, recently graduated from a 10-week V Corps Radio Operators School in Darmstadt, Germany.

Whiting was trained in basic electricity, radio theory, radio procedures and Morse code.

Regularly assigned to the 32nd Signal Battalion's Co. "D" in Darmstadt, he entered the Army in 1951 and arrived in Europe in August 1955.

The 25-year-old soldier is a 1951 graduate of Baltimore (Md.) City College high school.

Al's wife, Renate, is with him in Germany.

Mr. and Mrs. Bruce Banks and Debbie and Kevin, of Newfoundland, left this week for

a vacation trip to Wisconsin. While there, they plan to call on Mr. and Mrs. James Uhl and family, formerly of Newfoundland.

Arthur Gilliland Jr., shipfitter third class, United States Navy is serving aboard the Atlantic Fleet seaplane tender USS Duxbury Bay which was awarded her second consecutive Navy "E" for battle efficiency during the competitive year 1959.

Art is the son of Mr. and Mrs. Arthur Gilliland Sr., of 21 Prospect St., East Stroudsburg.

Operating out of Norfolk, Va., the Duxbury Bay was also awarded the Navy Red "E" for outstanding performance in her engineering department.

A Navy "E" is obtained through competition within the fleets between similar classes of ships and symbolizes exceptional performance and efficiency.

The Duxbury is scheduled to depart for the U.S. Sixth Fleet in the Mediterranean this fall and will visit France, Italy, Spain and other countries surrounding the Mediterranean and Red seas.

Reports From Congress

Education Act Year Old

By Congressional Quarterly
Washington — The National Defense Education Act marks its first anniversary Wednesday amid praise of its accomplishments to date.

President Eisenhower in signing the measure into law Sept. 2, 1958, predicted it would "do much to strengthen our American system of education so that it can meet the broad and increasing demands imposed upon it by considera-

tion of national security."

The act's passage hastened by Russia's Sputnik — authorized spending federal money for college student loans, science and language teaching, graduate fellowships, and for the testing and guidance of high school students.

Secretary of Health, Education and Welfare Arthur S. Flemming said he was "very happy" over the Act's progress.

Abigail Van Buren

Seek Another Opinion

Dear Abby: Last year I had a serious operation. Last week my doctor told me I needed another operation. When I told my husband, he hit the ceiling. (Dig me?) You can catch more flies with sugar than you can with vinegar.

Dear Abby: Certain friends come to visit and bring their children who are the ages of my own. I feel it is not my place to correct somebody else's children, but listen to this: They pulled all my drawers out (my children never do this) and helped themselves to anything within reach in my cupboards and refrigerator. They wrote on my walls and wiped their hands on my curtains. They tore up my new magazines and lost my silverware outside. Should they have been corrected, and who should have done it?

Dear Abby: What do you think of a 52-year-old man who carries a picture of his dancing teacher around in his wallet? He never carries mine. I had some made especially for this purpose and he printed a number underneath it and that's the last I saw of it. He makes a big joke out of everything. Don't you think he is making a fool of me? Should I take the picture out of his wallet and tear it up? Or should I pretend I don't care?

Dear Abby: Does your husband think that if you married a doctor you could be SICK for nothing? (And if you married a minister, could you be GOOD for nothing?)

If your husband doubts the doctor's diagnosis, he should get the opinion of another doctor. Leave the medical decisions to the qualified medical experts.

Dear Abby: What do you think of a 52-year-old man who carries a picture of his dancing teacher around in his wallet? He never carries mine. I had some made especially for this purpose and he printed a number underneath it and that's the last I saw of it. He makes a big joke out of everything. Don't you think he is making a fool of me? Should I take the picture out of his wallet and tear it up? Or should I pretend I don't care?

Just Between Us —

—by Bobby Westbrook

If I were to turn weather prognosticator for the social climate I would predict a cloudburst in September and a deluge in October.

Of course, I could turn scientific and list the high on the horizon about to overflow the summer low with the consequent mixture of high vitality with low no-humidity resulting in increased humidity and a counter-clockwise flow of hot air.

However, instead of those mysterious weather maps, I rely on more mundane symptoms as the home-grown weather prophet relies on his corns and the length of the black space on caterpillars for long range forecasting.

And there can be no mistaking the rumble and stir of the approaching storm. Yesterday was a mighty rainy day, weatherwise. Socially, there was the flash of heat lightning on the horizon, the grumble of the thunder of board meetings and with Trudi Hellmann's release of the calendar of special events, you can even see with the naked eye the massing of the thunderheads.

Even more reliable than the markings of a tent caterpillar, is the number of social events, never before listed for this locality, which star that calendar.

And speaking of stars, I hope Trudi gets a couple of extra ones in her corn for accepting for still another year, the task of trying to keep two major events from colliding head-on with the resulting damage to the prestige of both. It is a tribute to her past performance that each year the Clearing House Calendar is being used more and more by more and more groups. And more and more groups are doing bigger and better things. Better lay in a good supply of extra energy and extra hours, it's going to be a busy, busy winter.

Garden Club Board To Study Planting Plans

The executive board of the Monroe County Garden Club will meet Thursday at 2 p.m. at the YMCA in Stroudsburg when full reports will be given on the recent card party.

Mrs. Irving B. Kiffin, president, requests an attendance of all board members since plans for the plantings at Laurel Manor, Monroe County home for the aging, will be studied at the meeting.

A nominating committee will be named.

Metzgar-Curran Wedding

Friends are invited to attend the wedding of Robert L. Metzgar, son of Dr. and Mrs. Marshall Metzgar, of Stroudsburg, and Miss Mary E. Curran, daughter of Mrs. William Curran of West Collingswood Heights, N. J.

They will be married on September 12 at 3 o'clock in the Church of the Holy Maternity, Nicholson Road, Audobon, N.J.

Besecker-Bowman Engagement

Announcement is made of the engagement of Miss Nancy Jean Bowman to Thomas Besecker, son of Mr. and Mrs. Charles Besecker of East Stroudsburg, RD 3.

Miss Bowman is the daughter of Mr. and Mrs. Gurnee Bowman, of 1218 Hamilton St., Stroudsburg. Mr. Besecker was graduated from Pocono Township High School.

They are both employed at Patterson-Kelley Co.

John Anthony Going To Military School

John Anthony, son of Mr. and Mrs. William Anthony, 14 Greene St., Stroudsburg, is leaving today for military school in the South. John, who is 14 years old, will attend Carlisle Military School in Bamberg, S. C.

He attended Stroud Union Junior High School last year. Several years ago, he played in the Bushkill Playhouse production of "A Member of the Wedding."

Mrs. Byron Dale Lichtenwalner

Miss Ann Louise Frailey, Byron Lichtenwalner Wed

Miss Ann Louise Frailey, daughter of Mr. and Mrs. Robert C. Frailey, of Stroudsburg RD 3, was married at the Reiders Methodist Church on August 16 at 2 p.m. to Byron Dale Lichtenwalner, son of Mr. and Mrs. Arthur T. Lichtenwalner, of Trexler-town.

They are making their home in Endicott, N. Y., where Mr. Lichtenwalner is employed by International Business Machines and his bride will be an elementary music teacher in the Endicott Schools.

He is a graduate of Parkland High School and of Lehigh University. The bride, a graduate of Pocono Twp. High School, Tannersville, in 1953, was graduated from Mansfield State Teachers College in 1957 and taught last year in the Stroud Union school district.

The wedding ceremony was performed by Rev. William Sharp, pastor of the Sarah Cooper Memorial Methodist Church, Philadelphia, assisted by Rev. Gerald Miller, pastor of the Tannersville Methodist church.

The bride, given in marriage by her father, wore a gown of Chantilly lace and nylon organza. The basque-waisted bodice was of lace with a modified sash and short sleeves. The flowing skirt of nylon organza was banded with lace and the brush train was accented by a gathered back bow. A Gothic crown of seed

Andy Willet

Andy Willet Celebrates Second Birthday

Andy Willet, son of Wayne and Gloria Marvin Willet of Stroudsburg RD 3, celebrated his second birthday on Saturday with a lawn party at his home in the early evening.

Attending were his paternal grandmother, Mrs. Helen Willet; his maternal grandfather, Roy Marvin; Mr. and Mrs. LeRoy Marvin, Jr., and children, Linda, Carol and David; Mr. and Mrs. Delbert Frey and sons, Randy and Delbert, Jr.; Mr. and Mrs. Lewis Richardson and sons, Lewis, Jr., and Donnie.

Mr. and Mrs. Elmer Leap and children, Donnie, Doris, Wayne and Carolyn; and Eugene Willet.

Also sending gifts were Mr. and Mrs. Ray Gower and children, Sheila and Steven. Andy's maternal grandmother, Mrs. Anna Marvin, is a patient at the General Hospital in East Stroudsburg.

Clearing House Calendar Opens 6th Year With Six Brand New Activities Listed

The Clearing House Calendar of Special Events today begins its sixth year as a public service offered by the Woman's Club of the Stroudsburgs with its originator, Mrs. Robert R. Hellmann remaining as chairman.

The calendar does not list regular meetings of organizations, which may be listed in the Anna Logan Hospital Societies calendar. It does list, without charge, open meetings, annual meetings, concerts, benefits, bake sales, penny suppers, rummage sales, square dances, card parties or special events of community interest.

Any large event which needs a large turnout or public support to make it a success may be listed by calling Mrs. Hellmann at HA 1-3360. She suggests that organizations call her before publicizing their proposed dates in order to be assured of a minimum of conflict with other scheduled activities.

The dates are published the first day of every month, September through June, on the Family Fare page of the Daily Record.

In announcing the dates of activities already scheduled for September and October, Mrs. Hellmann calls attention to the

fact that this year there are six special events occurring for the first time:

A meeting of the Monroe County committee for the 1960 White House Conference on Children and Youth; a special orientation meeting for seventh grade parents of Stroud Union High School; a planning meeting for the Education for Marriage Course; a meeting of the proposed Senior Citizens Assn. and a County College Night.

The County College night is being sponsored by the Monroe County Council of Parents and Teachers when 20 colleges are expected to send representatives to talk to parents.

Set For September
A detailed list of special activities scheduled for September is as follows:

Tuesday, 1: First meeting of Monroe County Committee for the 1960 White House Conference on Children and Youth—Penn-Stroud Hotel 2 p.m.

Friday, 11: Indian Summer Festival, sponsored by Arlington Heights PTA.

Monday, 14: Special orientation meeting of Seventh Grade Parents of Stroud Union High School sponsored by PTA at school at 8 p.m.

Opening of Pocono Community Concert Campaign continuing to 19th.

Tuesday, 22: Final meeting of planning committee for Education for Marriage Course to be held in October at YMCA 4 p.m.

Second meeting of Monroe County Committee for 1960 White House Conference on Children and Youth.

Northeast District meeting of Pa. Federation of Woman's Clubs, Allentown Woman's Club.

Thursday, 24: Senior Citizens Assn. of Monroe and Pike Co. Kickoff Meeting, 2 to 4 p.m. at CLT Social Club.

Wednesday, 30: Stroud Community Club card party and fashion show YMCA.

On Schedule For October

In October, four special events have already been listed: Saturday, 10, DeMolay Mother's supper, Stroudsburg Methodist Church, 5 to 8 p.m.; Tuesday, 13, Final meeting of Committee on Children and Youth; Monday, 19, Open house at Stroud Union Junior-Senior High School sponsored by PTA; and Thursday, 22, County College night by County PTA at Stroud Union High School, 7:30 p.m.; Wednesday, 28, Monroe County Federation of Woman's Clubs.

Brenda Kay Siegfried

Birthday Party For High-Flying Two-Year-Old

Miss Brenda Siegfried celebrated her second birthday on Friday, August 28, with a party in her honor held on Sunday at her home, 719 Monroe St., Stroudsburg. There was a special celebration since Brenda had escaped without injury a spectacular fall from a second story porch on the eve of her birthday.

The house was decorated with balloons and multicolored streamers. There was a three-tiered cake baked by her mother and a two-tiered cake baked by her aunt, Mrs. Sarah Franz.

On hand to help Brenda celebrate were her brother, Kim Allen Siegfried, Judy and Martha Sue Nesterostek, Patrick and Michael Leggieri, Mrs. Mary Boushell and Jeffery, Mrs. Rose Feiker, and daughters, Diane and Cathy, Mrs. Sarah Franz and children, Susan Jean and Michael, Mr. and Mrs. Jack Darr and Cathy, Mr. and Mrs. Eddie Miller and Loretta, Mrs. Mary Heberling and children, Karen, Bill, and Barbara, Mrs. John Ellenberger and Dawn, George Metropoulos and David, and her parents, Mr. and Mrs. Harold Siegfried.

Also sending gifts were Bill Wright, Trina Miller, Susan Learn and Brenda DeHaven.

Altar vases were filled with bouquets of white gladioli. The musical background was provided by William Brockiebank, organist and Robert Swinick, soloist, both former classmates of the bride at Mansfield State Teachers College. Among the solos were "I Love Thee," "At Dawning" and "The Lord's Prayer."

A reception was held at the Reiders Church Hall which was decorated with wedding bells, bouquets of white gladioli and orchid and white streamers.

The bride's mother wore a dress of ice blue embroidered silk organza with white accessories. The bridegroom's mother wore an embroidered mint green dress with white accessories.

Bartron-Eicke Wedding

The marriage of Louise Eicke and Edward H. Bartron, Jr., both of Stroudsburg, took place Saturday at 8 p.m. Rev. Dr. P. N. Wohlsen, pastor emeritus of St. John's Lutheran Church, performed the single ring ceremony in his apartment on N. Sixth St.

Attendants were Mrs. Clara Bartron, of Stroudsburg, mother of the bridegroom; Mr. and Mrs. Lewis Hoffman, of Philadelphia, parents of the bride, and Anita Eicke, of Stroudsburg.

Mr. and Mrs. Bartron will reside on Howard St., Stroudsburg.

The child's mother was formerly Pauline Wagner, of Stroudsburg.

Joy Ann Rufe Is Baptized

Sunday at 12:30 p.m., Rev. Dr. P. N. Wohlsen, pastor emeritus of St. John's Lutheran Church, officiated at the baptism of Joy Ann Rufe, infant daughter of Mr. and Mrs. Francis Rufe, of Phillipsburg, N. J.

The sponsors were Mrs. Edward White and Frederick A. Rufe, of New York.

The child's mother was formerly Pauline Wagner, of Stroudsburg.

Woman's Club Board Plans Activities Of New Year

The Woman's Club of the Stroudsburgs will continue Laurel Manor, Monroe County Home for the Aging, as their major project during the coming year, it was decided at the first executive board meeting held yesterday afternoon at the Stroud Community House.

Mrs. William Hannas, new president of the group, presided at the meeting.

Mrs. Edward Hess, first vice president and chairman of community affairs, announced that during the Summer, the Well Baby Clinic had cared for 464 babies from May through August, a high for the summer months.

The Well Baby Clinic is a service of the state health clinic. Originally sponsored by the Woman's Club, the clinic is still assisted by their volunteer work. Mrs. Hess announced a need for more volunteers to serve as registrars and to assist in the weighing, measuring and preparing the babies for their examinations.

The clinic this year will be held on Thursday mornings from 9 to 11 a.m. Members wishing to serve as volunteers may call Mrs. Hess.

Mrs. Richard Fredenberg, third vice president and hospital chairwoman, announced that the opening luncheon would be held October 12 at the Penn-Stroud Hotel.

The meeting of the Northeast District Pennsylvania Federation of Women's Clubs will be held in Allentown Woman's Club, Allentown, on September 22. Reservations must be made with Mrs. Hannas by September 17.

It was announced that three members of the Junior Woman's Club were transferring their membership to the senior club: Mrs. Warren Mikels, Mrs. William Morgan and Mrs. Charles McCarthy. The resignations of Mrs. Oscar Liljenstein, Mrs. George Marsh, Mrs. Edward Stevens, Mrs. Edgar Van Why and Mrs. F. Lynn Lantz were accepted.

Board members attending the meeting were: Mrs. Edmund Strickland, Mrs. Edward Knob, Mrs. Eli R. Travis, Mrs. Henry Hefele, Mrs. Frank Maguire, Mrs. Samuel O. Wells III, Mrs. Richard Fredenberg, Mrs. M. S. Baldwin, Mrs. Arthur Slee, Mrs. Henry Surrey, Mrs. Harold Pond, Mrs. Edward Hess, Mrs. Roman J. Batory, Mrs. Joseph Yutz, Miss Margaret Mutchler and Mrs. William Hannas.

Calendar

Tuesday, September 1
Woman's Aux. Church of the Mountain, 8 p.m. home of Mrs. George Hauser.

Exec. Board PTA of Arlington Heights School at school, 7:30 p.m.

Sons and Daughters of Liberty, 8 p.m., Odd Fellows Hall. Amaranth demonstration party at home of Cora Stockel 8 p.m.

Wednesday, September 2
Young People's Bible Class Zion United Church of Christ, 7:30 p.m.

A. F. Everett Class, St. John's Lutheran, supper meeting, 6:30 p.m.

Shawnee Church Aux.

Shawnee—The Women's Auxiliary of Shawnee Presbyterian Church will meet at the home of Mrs. Helen Frable at 8 p.m., Wednesday.

Mrs. Charles Thomas Fishler Jr.

(Apollo Photo)

Miss Dolores Neffue Bride Of Charles T. Fishler Jr.

Bangor—Miss Dolores Neffue, daughter of Mr. and Mrs. Joseph Neffue, of 4 Clay St., Roseto, was married on Saturday morning at 10 a.m. at Our Lady of Mount Carmel Catholic Church, Roseto, to Charles Thomas Fishler Jr., son of Mrs. Nina Frace, Delaware, N. J., and the late Charles T. Fishler.

Given in marriage by her father, the bride was attended by Phyllis A. Communale, Roseto, as maid of honor, and by Susan Fishler, Lois Santee and Kathryn Falcone of Bangor; Connie Trigiani of Roseto and Anita Pelosi of Palmerton as bridesmaids.

Deborah Lee Neffue, niece of the bride, was flower girl, and Louise Abbruzzese, the bride's nephew, was ringbearer.

Michael Capobianco was best man. The ushers were Richard Neffue, West Bangor; Michael DeVito, Merrill Redding and Paul Matlock, Bangor; and Murphy of Easton.

Mrs. Leonard DePaolo was organist.

After a reception at the Blue Valley Farm Show building, the couple left for a wedding trip to Florida.

Upon their return they will live at 350 Messenger St., Bangor.

The bride, a graduate of Pius X High School, Roseto, is employed by Dr. C. O. Waltman.

The bridegroom was graduated from Bangor High School, served four years in the U. S.

Parenthood Clinic Reopens

The Planned Parenthood Clinic will reopen Wednesday after the Summer recess and will resume the regular hours, 12:30 to 2 p.m.

The clinic offers a family planning service for married women. Physicians in charge are Dr. Charlotte Jordan and Dr. Mary Hunsicker. The clinic is at 519 Sarah St., Stroudsburg.

The Wyckoff Shopper

This is the month of going Back to School . . . the golden autumn month when children are inclined to dawdle on their way to class . . . and to stop enroute home to marvel, as children do, about all that is changing—particularly the leaves, which blush a bit before they finally say their farewells to the trees.

I remember so many Septembers . . . and so do you, perhaps!—So many ringings of the school bell on that first morning of the term when everyone is filled with expectancy, and rumor runs as high as the voices are shrieking. It is a wonderful day for the young student . . . a day of new shoes, shining with a luster that will disappear by next month when there are piles of leaves to wade through. I wonder why it is that whenever I think of going back to school, I think also of the piles of leaves that came so soon after . . . mounting ever so high in their antique gold beauty, and making you feel somehow — as you scrambled through them — that you were a greater explorer than any ever mentioned in the history books.

"Look how dusty your clothes are," Mother would mourn after your explorations and you would button your lips against telling her that it was GOLD dust, and you'd just conquered the world's tallest mountain peak. If at six or seven, YOU didn't believe it (except now and then) how could you expect she would?

Going Back to School was like going to church on Sunday. It was—and still is—an occasion that called for a pretty new dress . . . a ribbon in your hair . . . and endless chatter about your new teacher. One of your classmates was sure to know all about her. Her father was on the school board . . . so she knew her name and whether she was pretty and pleasant, or not so pretty and stern. In the case of a teacher who'd been on a faculty last year, there were opinions galore—handed down like a pair of trousers from somebody's big brother—as to whether or not she was good, bad, or indifferent.

There was a special ring to the school bell on the first day of each year that you never heard on any other day . . . and on what other day, may I ask, would students arrive fifteen minutes early just to compare notes on summer vacation? It was rather a shock several weeks later to discover that some of the excitement had worn off . . . just as some of the sparkle had gone out of the teacher's voice, and some of the polish had worn down in the school corridor. I am not exactly sure at what age First Day Jitters disappear entirely . . . but they do—unfortunately . . . and days become more or less routine around the calendar. It is the price of adulthood.

Regardless of my age, I am always starry-eyed about a new term of school for little folks, however. Most mothers are . . . because all of us realize, from our vantage point of being mature, what a wonderful world the school bell heralds for anyone with an inquiring mind, who answers its call. It is far more than a summons to a classroom . . . it is an invitation to accept the whole world as your oyster, and start searching for the pearl. The very young cannot understand this . . . the teen-ager is often too stubborn to admit it. Perhaps no one fully appreciates the truth, until he is too old to recapture whatever precious moments he has wasted.

For the past month or more, Wyckoff's has been busy outfitting boys and girls of all ages for the classroom. Our racks are filled with smart clothes for smart students whose parents are smart enough to shop our family-minded store. This is an old, old thrill for us . . . for Wyckoff's, during 85 years of history, has outfitted thousands of students for the trek back to school. We do a good job, I think. And if I had my way, in every parcel we sell . . . in the pocket of every Kate Greenaway dress, or pair of slacks . . . we would tuck a small gift: the seeds of appreciation, inquiry, and appreciation, that would someday sprout into a golden harvest of worthy accomplishment for every young American.

Aussies Regain Davis Cup

Fraser Wins Over MacKay In Finals

By WILL GRIMSLEY
Associated Press Sports
Writer

FOREST HILLS, N. Y. (AP) — A rash of double-faults sent the Davis Cup back to Australia Monday as Neale Fraser scored a swift followup victory over Uncle Sam's wild-hitting Barry MacKay in the fifth and decisive match of the challenge round.

Picking up where the tennis battle was halted by darkness Sunday at one set each, the 25-year-old Melbourne left-hander took advantage of MacKay's recklessness serving to win 8-6, 3-6, 6-2, 6-1.

The giant Air Force private from Dayton, Ohio, playing on his 24th birthday, served five double-faults to drop his delivery twice in the third set. He double-faulted again — his 14th — to lose his service and the match in the 10th game of the fourth set.

Thus Fraser emerged as the one-man hero of the 1959 challenge round just as Peruvian Alex Omedo was star of America's surprise triumph in Brisbane last December.

Won Two Singles
Fraser won two singles matches — his first over the disappointing Omedo — and teamed with Roy Emerson to ring up a straight-set doubles triumph over Omedo and 18-year-old Earl Buchholz.

Australia's final margin was 3-2, both MacKay and Omedo winning over the flashy but inexperienced Rod Laver in singles. This marked the eighth Davis Cup conquest for the tennis-minded Australians in the last ten years and the ninth in 12 meetings since the United States and Australia turned the competition into a two-country monopoly in 1938.

Hopman's Ninth
For Harry Hopman, the wily Australian captain, it was his ninth success in 16 campaigns as Aussie leader since 1938.

It was a heartbreaking turn for both MacKay and the 71-year-old U.S. captain, Perry Jones.

MacKay choked back the tears as he rushed over to congratulate the highly-elated Fraser. Australians swarmed out on the court to escort their star off the field.

MacKay Tense
MacKay, who Sunday was eager and almost jumping out of his skin, appeared pale and tense Monday. His rocket-like shots — they say he never hits a safe one — were far off the beam.

As much as he tried to stomp his way back into the battle, he couldn't do it. Fraser was too steady off the ground and his tricky, high-spin service was too effective to be broken.

How they stand

Stadium Available
MIAMI, Fla. (AP)—The Orange Bowl Stadium advisory board recommended Monday the 76,000-seat stadium be made available to the proposed American Football League.

HIGH STEPPERS—Candidates for the Bangor High School football team's backfield get into shape by doing a reverse run through the tires. Coach Dakey Pritchard's boys are preparing for the season which, Pritchard said, should be good, but tough. (Staff Photo by Stewart)

Ike's Golf Swing Is Analyzed

LONDON (AP) — President Eisenhower, the first to admit he's no Ben Hogan, Monday awoke to a public analysis of his golf swing — and a critical one.

A gossip writer for the London Daily Telegraph called on a golf expert to study a published photograph of Eisenhower practicing golf at Chequers.

This was the verdict: "The President's stance and swing are inclined to be upright but subject to that, the clubhead is as it ought to be."

"His feet are closer together for a drive than the purists prescribe. The left shoulder has come round well, but the hip movement is not complete."

"The right elbow, which should be close to the right side, is projected a little. Finally, it would also appear that the left arm is bent."

Eisenhower, 68 years old and a keen golfer, can still shoot under 80, better than average for his age.

Discount For Licensees Proposed

HARRISBURG (AP) — A higher rate of discount for liquor licensees on their liquor store purchases was proposed Monday night as an answer to the new sales tax on such purchases.

Four House members proposed a minimum discount of 25 percent for hotels, restaurants, clubs, railroad pullman and steamship companies who buy liquor wholesale from the state-operated liquor store system. At present they receive a 16 2/3 percent discount under administrative order.

Support
Rep. Pat C. Trusio (D-Fayette), one of the sponsors of the proposal, said it had the backing of the Pennsylvania Tavern Assn., of which he is an officer. He said it was intended to offset the impact of the sales tax on liquor store sales at the same time it was raised to four percent. The Senate has under consideration a proposal to place the tax instead on sales at the bar.

Other sponsors of the House bill were Austin J. Murphy (D-Washington), Barnet Sakulsky (D-Westmoreland) and James J. Jump (R-Luzerne).

Lightning Kills Three

POTTSVILLE (AP) — A man and his wife and a six-year-old girl were killed by a lightning bolt which struck them Saturday as they took shelter from a heavy rain at a picnic area near Auburn.

As victims were Bruce Berger, 46, and his wife, Martha, 41, and Diana Lehman, all of Auburn. They were on a picnic sponsored by the Junior Society of the Church of God, of Auburn.

Colorful Trout
THE Dolly Varden trout, a rainbow colored fish, was named after Dolly Varden who always dressed in bright colors. The original Dolly was a girl in Charles Dickens' novel, "Barnaby Rudge."

Eye Injuries Costly
DISABLING eye injuries cost industry in the United States 20 million dollars annually, says the Better Vision Institute.

From The Bench

By Bob Stewart

Checking yesterday with Coach Dakey Pritchard down in Bangor, we learned that Frank Butz, last year's sensational quarterback at Bangor, is now the top punter on the Plebe team at West Point.

The Plebe team corresponds to the Freshman team at other institutions.

Ken Haas, also a valuable member of last year's Bangor High Team, is now going to Montana State on a scholarship.

The former end, Pritchard said, joins quite a number of State Belt area players and coaches at that college.

Pritchard wound up his short talk by saying he's fairly, and he stressed the word, optimistic for this season. He has a veteran line, with only Haas and Butz missing from last year's team.

The eleven last year lost only two games: Both of them by only six points.

Cortland State Teachers College, at Cortland, N. Y., will be playing East Stroudsburg State Teachers College Nov. 7 here. Last year Cortland had a five and two record.

Just a note that of 49 football players going out for the eleven regular berths at the University of Maryland, more than 20 of them are from Pennsylvania. Where would they be without the Keystone State?

Lehigh University will open their season with Delaware, away, Sept. 26; Cornell, away, Oct. 3; Gettysburg, away, Oct. 10; Tufts, home, Oct. 17, which will be Parents Day; Rutgers, away, Oct. 24; Bucknell, home, Oct. 31; VMI, home, Nov. 7; Davidson, away, Nov. 14, and the big game with Lafayette is Nov. 21, and will also be homecoming.

Incidentally, the Engineers' coach, Bill Leckonby, has a son, Bill, Jr., who will be sophomore quarterback this fall at Yale.

Experts Pick Dartmouth To Repeat As Ivy Champ

NEW YORK (AP) — Following a time-honored policy of always stringing along with a champion, most critics probably will favor Dartmouth to repeat its Ivy League football title this fall.

The Indians lost seven starters, but they have 16 returning lettermen, including all-league halfback Jake Crouthamel and slick quarterback Bill Gundy.

But these same critics admit it won't be a walkaway for the Big Green. They recall that Harvard, with a 3-4 record in the league for 1958, handed Dartmouth its only defeat; that Cornell showed a potent line in tying for second with Princeton, each with a 5-2 record, and that Penn, with a 4-3 record had a squad of soph and juniors due to return this year.

Dartmouth's big job will be rebuilding the line. Tackle Lee Horschmann is the only starter returning. However, Coach Bob Blackburn overcame a similar handicap last year.

Coach Lefty James has only one starter and three lettered reserves back for his Cornell backfield. But the line is something else. Up front he has five 1958 starters and five lettered reserves. Key man in the backfield is former quarterback understudy Marcy Tino, potentially a fine passer and runner.

Princeton, which lost the championship in the final game last year, has problem spots at guard and tackle, but it is very healthy at the ends and in the backfield.

Coach Dick Colman has 19 lettermen, including seven starters. Capt. Frank Szvetez at center is the key man of the line. The backfield outlook is good, with three classy tailbacks in Don Sachs, John Sullivan and Hugh Scott.

Brown, which finished with a 4-3 record last year, has a depth problem, and a new coach, John McLaughry returns to his alma mater from Amherst.

The Brownies have only nine returning lettermen, but two All-Ivies are included — tackle Tom Budrewicz and fullback Paul Choquette. McLaughry is introducing the side-saddle T to the offense.

Coach Steve Sebo has more lettermen returning at Penn — 22 — than any other Ivy school. Halfbacks Fred Leelling, Dave Coffin, Jack Hanlon and John Terrell stack up with any group in the league, and Barney Berlinger, an All-Ivy choice in 1958, tops a list of six good wingmen.

If sophomores and reserves can replace six graduated linemen, Harvard, under Coach John Yovlesin, could continue the progress it has shown the last two years. The entire first backfield plus three members of the second squad will be on hand.

Among the 15 returning lettermen are All-Ivy halfback Charles Boulris and quarterback Chet Ravenel. End Hank Keohane is the only first-string linemen among 15 returning lettermen.

Columbia will rely a great deal on a classy bunch of sophomores, graduates of a top fresh team last fall. However, Coach Buff Donelli is faced with the loss of star tackle and captain-elect, Brian Denney, who will not return to school this fall.

A persistent quarterback and end problems must be solved if Coach Jordan Olivar is to get Yale out of the cellar. The Elis failed to win a league game last year. There are 19 lettermen returning, along with some good sophomore prospects.

Dallas For Bowl
DALLAS, Tex. (AP) — Dallas has games in the projected American Football League definitely are ticketed for the Cotton Bowl next year, the manager of the big stadium said Monday.

Twin City Poconos Drop First Game Sunday Night To El Paso, Play Tonight

LONG BEACH, Calif. — Twin City Poconos entered the losing bracket of the double elimination tournament here Sunday as they lost to the El Paso, Tex. team in the World Softball Tournament by a 2-0 score.

During the game on Sunday, the third inning proved the disaster for the Pennsylvania nine when a double by Jack Pallamore drove in the first run, scored by Bob Laraba. The second marker came in the fourth inning when Harry Hutchins singled, scoring Paul Lopez.

Losing pitcher for the Keystone State's entry was Joe Drach, relieved in the fifth by Tom Lynn.

The Poconos will go into the loser's bracket for the nine-day contest, and will next play the winner of the Holloman Air Force Base, Tex., and Tijuana, Mexico.

This game will be played tonight at 7 p. m. The Poconos traveled to the site here by plane from LaGuardia Airport, New York City, Saturday night, and played the game on Sunday at 9 p. m. EDT.

In addition to the Daily Record's stories, the games will be rebroadcast on Radio Station WVPO by announcer Joe Whelen, who is also at the Long Beach scene with Bob Clark, Daily Record's Sports Editor.

Favorite Draws Advantage In Hambletonian Classic

DU QUOIN, Ill. (AP) — Heavily-favored Diller Hanover drew the advantage of a No. 2 starting position Monday in a field of 15 trotters entered in the 34th Hambletonian, richest harness race in history.

The classic this year carries a gross purse \$125,283.98, said by officials here to be an all-time high for the sulky sport. The premier event for 3-year-old trotters will be held Wednesday over the fast clay track of the Du Quoin State Fairgrounds.

Betting is prohibited by Illinois law at a state fair track, but unofficial odds compiled by track observers make Diller Hanover a 2-1 choice followed by Tie Silk and Circo at 4-1.

Hickory Pride, considered a strong contender in pre-race estimates, was not entered after trainer Billy Haughton said he was unsound. Haughton will drive Circo from the No. 8 spot.

Tie Silk, drawing a second row No. 14 spot, has the fastest time of any entry in this Hambletonian. The Indianapolis colt scored a 2:00 2-5 photo finish victory over Diller Hanover last week in Sedalia, Mo.

Harness racing officials at the Du Quoin track said the gross purse surpasses the previous record — a \$123,712.50 distribution for the Empire Pace in Yonkers, N.Y., this July 30.

The richest previous Hambletonian gross payoff was \$117,117.98, in the 1953 stake in Goshen, N.Y.

Thirdseeded Myron Frankie of Los Angeles went down before the strong service and powerful net game of Francisco Contreras of Mexico. The scores were 7-3, 6-2, 7-5.

Bowling Center To Be Built

WIND GAP — Co-owners of the State Belt Bowling Center in Bangor and Barrett Bowling Center, Mountaintown, Arch Daily and Anthony Dell'Alba, are negotiating for seven acres of a 65-acre business site at the south end of Wind Gap, an Eastern realtor reports.

John A. Frinzi, the realtor, has announced plans for the construction of a bowling alley, service station, motel and supermarket on the Clifford and Virginia Bonney farm adjacent to Route 512 and the new Route 611 interchange.

Daily and Dell'Alba have plans for 24 bowling alleys and a modern soda fountain in a one-story brick and cement block building, Frinzi said. They anticipate enough parking space for 300 cars. Construction will begin this fall.

Daily and Dell'Alba are also building a new 24-alley bowling establishment in Swiftwater.

The Atlantic Refining Co. has already purchased a triangular 150-foot piece of land on the south side of Route 512 for \$150,000. The company plans to have a two-bay filling station completed by next spring.

Pittsburgh Burns With Series Fever

PITTSBURGH (AP) — Once again pennant fever is burning hot in Pittsburgh — this time from the general manager of the Pirates right on down to the fans.

And no wonder! The Pirates are fresh off from their most successful home stand of the season — one in which they recorded 15 wins and only 3 losses. The Pirates are in fourth place, just four games behind the league-leading San Francisco Giants.

"Anything can happen in this game. The Pirates are a battling team, and a battling team can never be counted out of the pennant race," said General Manager Joe L. Brown. "We have a darn good chance for the National League pennant."

Danny Murtaugh, Pirate manager, although keeping his mind pretty much on each game as it comes, said his club's slogan of "keep driving; might just lead the Bucs into a pennant this year."

Ironically, Dr. Warren A. Gettle, medical director at the hospital, played basketball under Jourdet as a student. Jourdet also served as football and coach at the university.

Chambersburg, Pa. (AP) — Lon Walter Jourdet, 70, former head basketball coach at the University of Pennsylvania, leaped to his death from a third story window at the Samuel G. Dixon Tuberculosis Hospital at South Mountain Monday.

Jourdet, who had been admitted only 16 days ago, died of a broken neck. Franklin County Coroner J. D. Goshen issued a certificate of death by suicide.

A state police report said Jourdet had a heart ailment induced by tuberculosis.

Frenchman Wins POERTSCHACH, Austria (AP) — Robert Darmon, French Davis Cup player, won the singles title of an international tennis tourney Monday by defeating Bourne Patty of Los Angeles and Paris 7-5, 4-6, 6-4, 6-2.

Stroudsburg High, ESSTC Prepare For Grid Season

ESSTC

EAST STROUDSBURG State Teachers College will open this fall with a coach so new he still has out-of-state license plates on his car. This, however, is the only thing new about Jack Gregory.

With an enviable record in Delaware, where he coached before returning to his Alma Mater, Gregory will institute a Winged T offense this fall and as he put it: "Bring the college up to the place where it belongs in football."

Gregory has 55 men out for football, 16 of them lettermen and three transfer students who have become eligible.

Local boys on the squad with letters from last year are John Shaffer, guard; Dick Wolslayer, center, and Frank Lupin, halfback, all of East Stroudsburg. Lupin's brother, Charles, who was voted the most valuable player last year at East Stroudsburg High, is also a candidate this fall.

Gregory said he has a capable club, which, when you consider the natural reluctance of most coaches, is almost like saying they're wonderful.

He did say, however, that he has not had much chance to look over the team, there fore he cannot say who will play what position.

ESSTC will open the season against Kutztown, away, Sept. 26, which will be a Saturday night game at the Stroudsburg High field.

The schedule calls for three home games on the Warriors' home field, and one each at Stroudsburg and East Stroudsburg High Schools' fields.

Gregory gives most of his credit to George Ockerhausen, former coach. Dr. Frank Sills, department head, and Gene Martin, Gregory's former coach on the hill.

In addition, Gregory said the coaching staff has helped tremendously.

Linemen include Bruce Imbt at center, Bob Ford and Ron Schulman at tackles, and Skip Edinger presently designated as guard with the other guard position open.

One prospect which Bjorn said might come along later in the season is presently ineligible. The Stroudsburg eleven open against Lehigh on Sept. 18.

Bjorn has a total of 45 candidates out for the starting team

Working mainly from a split T with no variations, Bjorn will have to depend upon a well-balanced backfield since his line will definitely be weak on both defense and offense, due mainly to their inexperience.

A Junior and a Sophomore, John Baylor and Warren Loney, respectively, are the quarterbacks for this season. Bjorn said he would alternate them during the season.

Scrimmages, Bjorn said, have worked out well, showing the aforementioned weaknesses on the line, but a rather deceptive backfield. Other backs are Bill Schoonover, left half; Dave O'Connor, fullback, and Doug Wright at right half.

Stroudsburg High's football coach Walt Bjorn said yesterday he's hoping for more than a little improvement this year over last year's record of two wins and eight losses.

School Series

Grouping Helps Students

(EDITOR'S NOTE — This is the fifth in a series of 13 articles on education. They have been provided for the Daily Record by the National Education Assn. They will appear on an irregular schedule.)

WASHINGTON, D. C.—"Only the callow think all sixth-graders are alike," says Dr. Fred T. Wilhelms, professor of education, San Francisco State College, in the September NEA Journal, published by the National Education Assn. "Only the mechanical teacher tries to make them so."

The elementary teacher must learn to expect a tremendous range of differences among the children in her classroom, according to Dr. Wilhelms. Then she must learn how to make the best use of those differences.

One of these ways is by separating the class into small, flexible teaching groups, like the following:

Children may be grouped by ability. Those with high ability in reading or arithmetic, for example, often have their own

learning group which can proceed at a faster pace. A group of slower learners enables the teacher to give them the specialized help they need.

How are children chosen for ability groups? The teacher relies on grades, achievement test scores, aptitude or general intelligence tests, as well as her personal knowledge of the individual. In some cases, interest and high motivation on the part of the pupil are more important than test scores.

Cross-grouping is often tried, when the teacher feels it is warranted. She sometimes places a slow learner in a group of fast learners, on the theory that they will stimulate his advancement.

Children may be grouped by interests. Any child, bright or dull, is likely to produce his very best work when he is in a group which is working on a project he thoroughly enjoys. A strong drive may take a child way beyond his apparent ability

... like boys who, though virtually non-readers in school, can put together airplane models from the most complicated printed directions.

Children may be grouped by need. These are usually small, short-term groups of three or four youngsters who can't handle zero in multiplication or have a small difficulty in reading. After several private teaching sessions, the group dissolves as quietly as it was born.

Children may be grouped by differences. Some groups need the strength that comes from a variety of abilities. For example, an active social studies group, working on a project, is lucky if it includes some bookish members, some youngsters with artistic, musical and mechanical abilities, some with leadership qualities, etc.

Grouping is just the opposite of the classroom situation in which children are divided automatically into three layers: poor, average, good. It is a happy fact of the fact that though Johnny is a dud at mathematics, he may be a good reader and have the ability to lead others.

Not once has he been classified poor, average or best as a human being. And because his teacher sees him at work in a variety of groups, with varying degrees of success, she isn't even tempted to think of him that way.

No Major Candidates Withdraw

NO MAJOR candidates, county, borough, or township, have withdrawn from the Nov. 3 municipal election in Monroe County.

The deadline was yesterday in the commissioners' office at the Court House, Stroudsburg.

Primary Election
At the time of the Primary Election last May one or two write-in candidates withdrew. More recently Edward Lawson, president of Stroudsburg's Borough Council, withdrew as a write-in candidate for borough auditor.

Ida Berger In Property Court Case

BUCK HILL FALLS — Miss Ida Berger will go into Monroe County Court at Stroudsburg on Sept. 14 in an attempt to reclaim a property at Mountainhome which she reportedly turned over to a niece to care for.

Miss Berger, who recently won a Wayne County Court decision declaring her competent to manage her own affairs, observed her 93rd birthday anniversary on Aug. 23.

Judge Clarence E. Bodie discharged her guardian Aug. 17. She has always been a resident of Monroe County, but was living at a nursing home in Wayne County, which brought her case under the jurisdiction of courts there.

She now resides with a nephew and his wife, Mr. and Mrs. Rollin Berger.

Entry Number Set For Fair

NEWFOUNDLAND—Roy McLain and Franklin Madden, co-chairmen of the poultry division in the Greene-Dreher-Sterling Fair, which opens tomorrow, have announced that more than one entry may be made in each class this year.

Entries may be made on or before Wednesday, and the co-chairmen hope that this will be one of the most successful divisions of the annual fair.

Registration At Fair

NEWFOUNDLAND — Activities at the 42nd annual Greene-Dreher - Sterling Community Fair, which opens tomorrow at 10 a.m. at the fairgrounds, will include registration of exhibits from 10 a.m. to 7 p.m.

During the night, the Southern Wayne Joint School Senior Band, directed by Jack Strup-cowald, will play.

Your Horoscope Today

By FRANCIS DRAKE

For Tuesday, September 1, 1959

March 21 to April 20 (Aries) — Outstanding aspects lend a promising outlook for your interests. Benefic Mars influences especially encourage industry, trades requiring laborious work, all activities requiring vigor and endurance.

April 21 to May 21 (Taurus) — You can achieve good results in new projects if well analyzed and handled. Explore new fields; you are equipped with natural insight to differentiate between smart and ordinary prospects. Fine Sun and Venus rays stimulate artistic pursuit.

May 22 to June 21 (Gemini) — With soundness, equanimity and well-considered action you can make fine gains today. Energize your activities to get the maximum results from all efforts. Mercury rays stimulate bright ideas.

June 22 to July 21 (Cancer) — You should break well into the paying side of the ledger now. The day is encouraging for achievement in business and professional work; far home, personal and investment matter. All tendencies toward hypersensitiveness, however, also inclinations to criticize others.

July 22 to August 22 (Leo) — "Your" Sun and other major planets in fine aspect now. Day holds much promise for those who sincerely try, and maintain a steady pace in all endeavors. Avoid extremes, however, and, if improvement is indicated, do make necessary changes.

August 23 to September 23 (Virgo) — A day for making excellent decisions, also for developing new interests. The unusual or unexpected could bring top achievement to the ready to act.

September 24 to October 23 (Libra) — Your outlook indicates stimulating elements of surprise—some

that are really excellent forerunners of prosperity, pleasant happenings. Influences are buds for both personal and business affairs.

October 24 to November 23 (Scorpio) — Usually fine Mars influences. There's indication of new chances to achieve; to make valuable contacts; to make excellent headway in occupational affairs. Don't be selfish in personal relationships.

November 24 to December 21 (Sagittarius) — Excellent Jupiter influences now encourage business transactions, finance and all endeavors calling for sound management. New ventures also stimulated.

December 22 to January 20 (Capricorn) — If you cooperate, you can really achieve this day. Show initiative, perseverance and expect just rewards. News can give you a big lift.

January 21 to February 19 (Aquarius) — Rays will not be entirely helpful for private affairs, interests that you may be concerned about. But you can make progress in occupational matters if you maintain steadiness of purpose and endeavor.

February 20 to March 20 (Pisces) — You can turn some of the day's diversified vibrations to your good if you are clever and handle affairs adroitly. There are not too many complexities. Try something new!

YOU BORN TODAY are purposeful, steadfast, unshakable, devoted to high principles. Be careful that your desire to correct evils does not lead you to be misunderstood.

DAILY CROSSWORD

FIRST PRIZE—This snapshot of his children won first prize for William Taylor, Pocono Pines, in the photo contest held at the Army Signal Corps Depot at Tobyhanna. The children are, left to right: Vickie, five, Jeffrey, four, and Carol, two.

SECOND PRIZE—A sparrow who found a comfortable roost in this boy's head helped Jack Harrity, Wilkes-Barre, win second prize in the Army Signal Corps Depot's photo contest held recently in Tobyhanna.

THIRD PRIZE—In for "show" or third place in the Tobyhanna Signal Corps Depot photo contest was this equine shot by Jack Harrity, Wilkes-Barre. The shot is of a horse's head. Story on Page Three.

Design-Technics Cutting Into Foreign Decorations

DESIGN-TECHNICS of Stroudsburg, RD 2, is cutting into imports of Italian and Belgian marble and other exotic building decorations with sculptured ceramic wall facing.

Experts say the company is able to volume produce traditionally handcrafted items without sacrifice of quality or artistic integrity.

The company was founded in Greenwich Village in 1950 by Sam and Lee Rosen, husband and wife. It now has a 16-man staff of artisans who turn out thousands of pieces of ceramics each month.

The firm occupies a one and one-half story cinder block building west of Stroudsburg near Route 209.

Most of the firm's products are custom made by hand, Mrs. Rosen said.

In addition to the wall facings, the company produces lamps, dinnerware and accessories.

The product for all facings has been described as museum quality pieces at prices far below the museum price tag.

The company does its own designing and works closely with architects to create particular effects.

Companies using the Rosen items for decorative effects in their offices include Union Carbide, Corning Glass, Monsanto Chemical, and Chemstrand.

Wall facings are made in individual tiles running from 4 1/2 by 8 1/2 inches to 18 inches

square. They are weather resistant and can be used either indoors or outdoors, placed on wood, stone, metal, or masonry. No maintenance is required and colors are permanent according to Rosen.

This small-business family team is doing right well with its current projects.

The Rosens started as owners of a craft and design center in Greenwich Village in 1940. There they conducted classes in handcrafts and design research in several media, including weaving, enamelling, and ceramics.

When World War II claimed the services of most of the student body, the Rosens decided to make a straight production venture out of their largest

section—ceramics.

During the first two years, Design-Technics specialized in lamp bases and accessories.

In 1954, after years of experimentation with three-dimensional tiles, Rosen was satisfied he could produce a sculptured wall surface that was flexible and adaptable and handsome enough to give any architect a chance to obtain creative work at a commercially feasible price.

Architects about that time were beginning to rebel against the starkness of many of the nation's postwar skyscrapers.

They saw in the Design-Technics tiles an opportunity to provide decorative warmth and visual interest in their

buildings without sacrifices to or clash with the architectural character of their structures.

Current Design-Technics projects include the Piggly-Wiggly supermarkets in Sheboygan, Wis.; the lobby of the new "gold" skyscraper at 575 Madison Avenue in New York; an outdoor space divider at Camp Taminant, the lobby of the Coliseum Park apartments in New York, and a mural in the Sheepshead Bay High School in Brooklyn.

In their newly designed showroom in New York City, the Rosens are displaying more than 2,000 individual lamp bases, 5,000 separate pieces of decorative accessories and hun-

dreds of tile samples.

Mrs. Rosen is the chief designer of all the items manufactured. Her husband is the expert on the specially formulated clay bodies and glazes he discovered after years of research and experimentation.

Mrs. Rosen conceives each of her lamps and accessories as an original—not a model for reproduction. Each mold is different and every impression on the blank shape is made by hand.

In designing the tiles—which are in effect mural surfaces—Mrs. Rosen reflects the special requirements of the architect and works closely with him in creating a particular effect.

Ex-Bangor Postmaster Succumbs

BANGOR—Robert J. Schaeffer, former postmaster here, died Sunday night in St. Luke's Hospital, Fountain Hill. He was 87 and lived at 240 S. Third St.

A native of Newburg, N. Y., he moved to Cemenon with his parents at the age of 11 and attended Coplay Academy, later becoming principal and teacher in the Coplay schools at the age of 19.

He served as a telegraph operator for the Chicago Northwestern Railroad and later was agent for the railroad at Jim Thorpe. He was chief clerk of the Lehigh Susquehanna Division of the railroad until 1896 when he was appointed general agent.

Postmaster

He was associated in the Bangor Crescent Co. until 1905 when he became Bangor postmaster. He was later affiliated with several local businesses.

He was a past master of Bangor Lodge, Free and Accepted Masons, and received his 50-year pin in 1958.

Surviving are a daughter, Mrs. Marvin DePamphilis, Bangor; one son, Robert, Jr., Hattboro; four grandchildren, four nieces and a nephew.

Funeral services will be at 2 p.m. tomorrow in the Hough Funeral Home here.

Last Class In Master Dance Series To Be Held At YMCA

GEORGE BARNA, of New York City, will conduct the last of a series of three master dance classes at the YMCA tomorrow from 10:30 a. m. to 12:30 p. m.

All teachers and students are invited to attend, according to Mrs. Karen Roth, who is in charge of dance instruction at the YMCA. Participants are asked to take dance apparel to the class.

New York Professor

Barna, a former pupil of Mrs. Roth, is now a dancing professor in New York. He is now studying under and teaching for Nona Shurman, Martha Graham, Jose Liman, Robert Joffrey and other prominent dance instructors.

Mrs. Roth will teach the regular YMCA dance classes which begin Sept. 15.

Prediction From Moscow

LONDON (AP)—Moscow radio Monday night predicted the forthcoming Khrushchev-Eisenhower talks could initiate "a radical improvement in the whole international situation." The broadcast also accused "certain forces across the ocean" of trying to obstruct any thawing of the cold war.

Two Sisters Survive

MRS. MYRTLE A. Smith, 66, S. Kistler St., East Stroudsburg, is survived by two sisters, Mrs. Lela DeLong, Williamsport, and Mrs. Catherine Butler, Weatherly, not two daughters as reported in the original obituary.

Power Station Plans

MOSCOW (AP)—Soviet experts are working on plans for a six-million-kilowatt power station on the Volga, Tass reports.

"IF YOU DO NOT THINK ABOUT THE FUTURE YOU CANNOT HAVE ONE"

— (Author's Name Below) —
Every thinking person makes plans to assure a better future. He starts a savings account, secures insurance and tries to increase his knowledge.

But, no future can be a real happy one unless good health is present. Fortunately medical knowledge has made great progress. Antibiotics, hormones, vitamins and new chemical compounds have been perfected which are both preventive and curative. Place your future health in your physician's capable care. If medication is indicated he will prescribe what is needed. Visit him for regular checkups now so you will be healthier in the future.

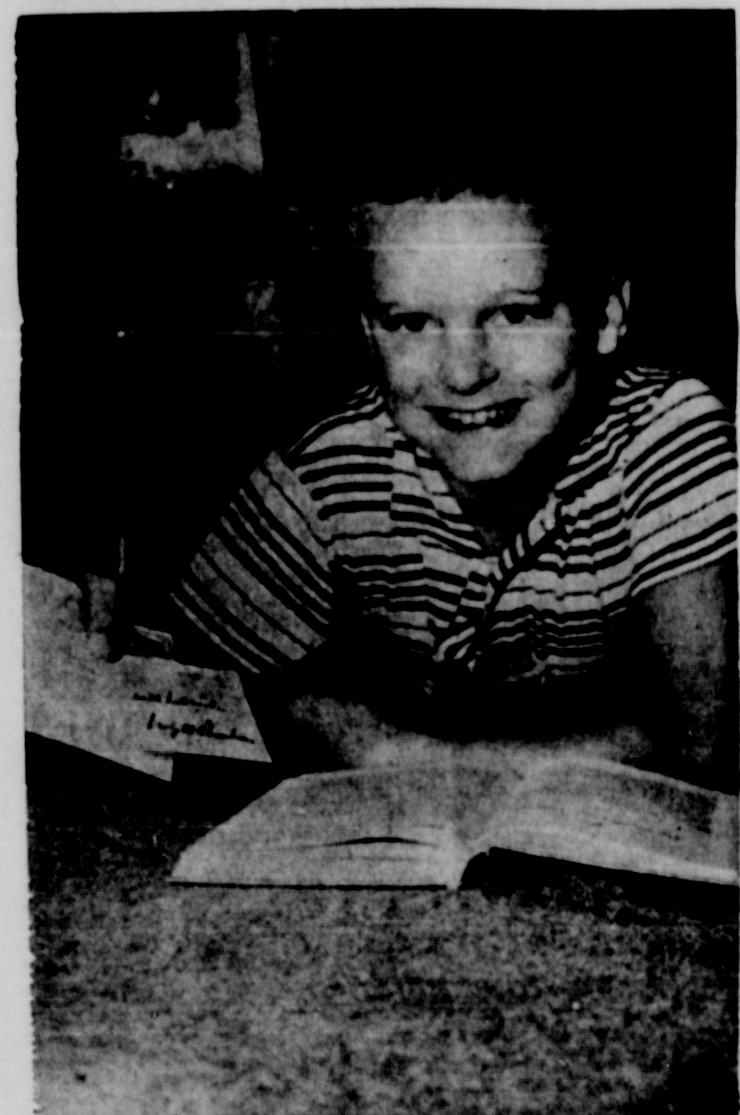

YOUR PHYSICIAN CAN PHONE

CARNIVAL—Waiting for carnival fans Saturday in East Stroudsburg were, left to right, Debbie LeBar, Betty Howell, Barbara Shook, Joan Millard, Elaine Millard, Diane LeBar, Daniel Serfass and Paul Inninger. They raised \$20.08 for the Polio Fund.

PRESIDENTIAL GREETING—Bobby Meyer, nine-year-old son of Mr. and Mrs. Jack H. Meyer, Chipperfield Drive, holds facsimile autograph of President Eisenhower, which he requested in letter to Washington. (Staff Photo by MacLeod)

Bobby Meyer, Age Nine, Obtains Ike's Autograph

MOST BOYS WHO have autograph collection dream of getting the president's signature, but have to remain content with lesser ones.

Bobby Meyer, age nine, son of Mr. and Mrs. Jack H. Meyers, Chipperfield Drive, Stroudsburg, started out with a couple of John Does.

Up at Pocono Playhouse recently he approached Actress Anne B. Davis, appearing in "The Girls in 509," for hers.

"Why didn't you get President Eisenhower's," someone said. Bobby's mother helped him compose a letter to the White House.

Saturday, after a two-week wait, Bobby's letter was answered. Inside a White House envelope was a copy of Dwight D. Eisenhower's signature.

Poor Eyesight
ALASKAN brown bears have poor eyesight. But they more than make up for this physical deficiency with their keen hearing and sharp sense of smell.

Survivors
Surviving are his wife, Mrs. Belle Shoup Jones; four sons, Charles, Jr., Easton; Carl, Bangor, and Thomas and James Jones, at home; six daughters, Mrs. Kenneth Trenchard, Willow Grove; Mrs. Orville Bennett, Oreland, Pa.; Mrs. David Schlavone, Bangor; Mary Lou, at home, and Mrs. George Quay and Mrs. Thomas Wood, both of Philadelphia; two brothers, Henry, Roseto, and William, Philadelphia; four sisters, Mrs. Mary Marsh, Phillipsburg; Mrs. Harry Fordyce, living in California; Mrs. Alben Frankensfield, Phillipsburg, and Mrs. Irving Kulanisk, East Petersburg, Pa., and seven grandchildren.

Funeral services will be at 2 p.m. Thursday in the Hough Funeral Home here.

Ailments Treated At Dispensary

STIFF NECKS, sprained fingers and sore feet received attention at Monroe County General Hospital Dispensary yesterday and over the weekend.

John Husovsky, 20, Swoyersville, reported with a pain in the right side of his chest after he ran into a tree with his bicycle. He was given several emprin tablets for the pain and told to return for x-rays.

Cornelia M. Sears, Stroudsburg, injured her right thumb. It swelled up slightly. The dispensary taped it for immobilization.

Ann Schnaitman, 36, Stroudsburg, stepped on nail she described as not rusty but somewhat dirty. The puncture wound in her right foot was cleaned, and she was dismissed.

Michael O'Connor, 16, Philadelphia, hurt his middle right-hand finger while playing softball. He was told to soak it in warm water for 15 minutes at a time and then exercise it.

Robert Schneck, 31, Philadelphia, showed up after an automobile accident with a pain in his left arm. X-rays revealed nothing, although there was gross discoloration.

Rush Lamoreux, 53, Dallas, D. C., working on a road construction crew, was hit on the head with a rock. He complained of stiffness in the back of his neck. The dispensary allowed him to return to light work and heat treatment and rest when he got home.

General Killed In Crash

ORAN, Algeria (AP)—Maj. Gen. Gaston Jarrot, commander of mechanized infantry division in Algeria, was killed in the crash of his helicopter about 200 miles southwest of here Sunday.

Elsewhere in Algeria 34 rebels were either killed or captured in minor military skirmishes recently, a French army spokesman said.

42 Stroudsburg Employees Of Bell Telephone On Strike

FORTY-TWO STROUDSBURG plant employees of the Bell Telephone Co. of Pennsylvania walked off their jobs at 8 a. m. yesterday in sympathy with a McKeesport employee of the firm. Also affected are 277 persons in Scranton. All are members of Local 34, Branch 2, Federation of Telephone Workers of Pennsylvania.

There will be no interruption in telephone calls at the present time.

A union spokesman said the walkout here is in sympathy with a McKeesport cable helper who was given a permanent transfer and downgraded without regard to seniority.

The dispute has resulted in a statewide walkout of plant personnel.

The union spokesman said the union and company officials will meet in Philadelphia tomorrow to discuss the walkout.

The company earlier had asked for arbitration on the issue.

Hoodlums Rough In Manila

MANILLA (AP)—Hoodlums armed with bows, arrows and blowguns are giving Manila police a bad time.

Four persons were wounded by arrows in one recent gang fight. In another incident, a youth was hit in the neck with an arrow in downtown Manila.
